PRODUCTOS ROCHE LTDA.

List of Contributors and Participants	ix
1 Introduction <i>U. Vianna Filho</i>	1
2 The benzodiazepines today and tomorrow <i>R. G. Priest</i>	3
3 The benzodiazepine story <i>L. H. Sternbach</i>	5
4 Biological basis of the therapeutic effects of benzodiazepines <i>W. E. Haefely</i>	19
5 Pharmacokinetics of the benzodiazepines <i>S. A. Kaplan</i>	47
6 Importance of pharmacokinetic data for clinical practice <i>R. Amrein and B. Leishman</i>	61
7 The benzodiazepines: a clinical review <i>R. G. Priest</i>	77
8 The psychophysiological effects of benzodiazepines <i>V. Gentil Filho</i>	85
9 Clinical experience with benzodiazepines in psychosomatic disorders <i>D. Kelly</i>	99
10 Clinical experience with benzodiazepines in neurological disorders <i>T. R. Browne and R. G. Feldman</i>	113
11 The use of clonazepam on patients with generalized epilepsy <i>M. P. Lison and J. G. Speciali</i>	123
12 Benzodiazepines and depression <i>J. A. Costa e Silva</i>	131

- 13** Benzodiazepines in masked depressions
E. Azzi 143
- 14** Some salient clinical findings from the use of benzodiazepines in childhood and adolescence
G. M. Jacobides 147
- 15** Some data on parenteral bromazepam
J. de Souza Campos 161
- 16** Psychotherapy and psychopharmacotherapy
W. Pöldinger 167
- 17** Treatment of alcoholism : experience with benzodiazepines
S. C. Kaim 175
- 18** Longterm treatment with diazepam : clinical and electroencephalographic variables
D. Ladewig and E. Schwarz 187
- 19** Psychosocial aspects of mental health care in developing countries – the role of the benzodiazepines
E. D. Busnello 203
- 20** Longterm treatment with anxiolytic drugs : possibilities of pharmacodependence
J. R. Bueno 209
- 21** Comparative study of the use of benzodiazepines in a university psychiatric clinic and in public and private services
O. Bastos, M. C. C. A. Martins, J. Lemos and M. A. S. L. Santos 213
- 22** A Brazilian contribution to benzodiazepine psychopharmacology : research on anticonvulsant therapeutics and the dependence problem
J. C. Madalena 233
- 23** Flurazepam in insomnia
A. J. M. de Paula 241
- 24** The use of a combination of β -blockers and benzodiazepines in anxiety
I. G. Karniol, A. E. Piedrabuena, E. G. Matos, W. A. Vilela and M. J. F. Moreira 251

25 Clinical evaluation of the sulpiride–bromazepam combination, Ro 10-7122, for patients with a depressive–anxious syndrome <i>M. S. Moreira and F. J. Braga de Almeida</i>	257
Workshop A: Benzodiazepines today and tomorrow, from a pharmacological point of view <i>Coordinated by W. E. Haefely and V. Gentil Filho</i> <i>Participants: R. Amrein, L. H. Sternbach, W. G. Crouthamel and L. M. Lessa</i>	265
Workshop B: Benzodiazepines today and in the future <i>Coordinated by R. G. Priest and J. Paprocki</i> <i>Participants: W. Pöldinger, J. R. Bueno and D. Kelly</i>	271
Workshop C: Psychopharmacotherapy with benzodiazepines <i>Coordinated by W. Pöldinger and Á. Rubim de Pinho</i> <i>Participants: J. A. Costa e Silva, T. R. Browne and R. G. Priest</i>	275
Workshop D: Social aspects of benzodiazepines therapy <i>Coordinated by D. Ladewig and M. Levy, Jr.</i> <i>Participants: E. D. Busnello, S. C. Kaim and M. A. Albuquerque</i>	277
Closing speech <i>U. Vianna Filho</i>	279
Index of Participants	283
Subject Index	285
