2 Introduction

Surgical Exposures for Common Fractures of the Lower Extremity

The Hip Joint

- 3 PLATE I Anterior relations of the hip joint
- 4 PLATE II Posterior relations of the hip joint
- 5 PLATE III Anterolateral or ilio-femoral exposure
- 6 PLATE IV Posterolateral exposure
- 7 PLATE V Lateral exposure

The Thigh

- 8 PLATE VI Anatomy of the anterolateral aspect of the thigh
- 9 PLATE VII Anterolateral exposure of the femur

The Knee Joint

- 10 PLATE VIII Anterior relations and exposures of the knee joint
- 11 PLATE IX Medial relations and exposure of the knee joint
- 12 PLATE X Lateral and posterior relations and exposures of the knee joint

The Tibia

- 13 PLATE XI Anterolateral relations and exposures of the tibia

The Ankle Joint

- 14 PLATE XII Anterior and posterior relations and exposures of the ankle joint
- 15 PLATE XIII Lateral and medial relations and exposures of the ankle joint

two

Surgical Exposures for Common Fractures of the Upper Extremity

The Arm

- 16 PLATE XIV Anterolateral exposure of the humerus

The Elbow

- 18 PLATE XV Anterior exposure of the elbow joint
- 19 PLATE XVI Posterior exposures of the lower end of the humerus and olecranon
- 20 PLATE XVII Posterolateral and lateral exposures of the upper ends of the ulna and radius

The Forearm

- 21 PLATE XVIII Anterior exposure of the radius
- 22 PLATE XIX Posterior exposures of the ulna and radius

The Wrist

- 22 PLATE XX Anterior exposure of the wrist joint
- 24 PLATE XXI Posterior exposures of the wrist joint
