

# Contents

1. HISTOLOGY AND EMBRYOLOGY . . . . .	1
Introduction . . . . .	1
Histology . . . . .	2
Skin . . . . .	2
Mucous Membrane . . . . .	3
Salivary Glands . . . . .	4
Tongue . . . . .	5
Enamel . . . . .	6
Dentin . . . . .	6
Periodontal Membrane and Cementum . . . . .	6
Pulp . . . . .	7
Cartilage and Bone . . . . .	7
Fibrous Connective Tissue . . . . .	8
Peripheral Nerve . . . . .	8
Inflammatory Cells . . . . .	8
Embryology . . . . .	10
Human Fetus . . . . .	10
Development of the Face . . . . .	12
Branchial Arches . . . . .	12
Development of the Tongue . . . . .	12
Thyroglossal Duct . . . . .	13
Tooth Development . . . . .	14
2. DEVELOPMENTAL DISTURBANCES . . . . .	17
Introduction . . . . .	17
Clefts of the Lip and Palate . . . . .	18
Auricular Tags and Macrostomia . . . . .	18
Brachygnathia . . . . .	19
Hemiatrophy . . . . .	19
Hygroma Colli Congenitum . . . . .	19
Branchial Cleft Cyst . . . . .	20
Preauricular Sinus . . . . .	21
Dermoid Cyst . . . . .	21
Epidermoidal Cyst . . . . .	21
Thyroglossal Duct Cyst . . . . .	22
Lingual Thyroid . . . . .	22
Oral Tori . . . . .	23
Median Rhomboid Glossitis . . . . .	24
Bifid Tongue . . . . .	24
Ankyloglossia . . . . .	24
Macroglossia . . . . .	25
Hyperplastic Lingual Papillae . . . . .	26
Fissured Tongue . . . . .	26

2. DEVELOPMENTAL DISTURBANCES—(Continued)	
Fordyce Spots . . . . .	27
Median Palatine Cyst . . . . .	28
Globulomaxillary Cyst . . . . .	29
Nasoalveolar Cyst . . . . .	29
Nasopalatine Duct Cyst . . . . .	30
Dentigerous Cyst . . . . .	31
Lateral Periodontal Cyst . . . . .	32
Primordial Cyst . . . . .	33
Periapical Periodontal Cyst . . . . .	34
Gemination and Fusion . . . . .	37
Dens in Dente . . . . .	38
Segmented Root . . . . .	39
Dwarfed Roots . . . . .	39
Microdontia and Macrodontia . . . . .	40
Supernumerary Teeth . . . . .	40
Ectodermal Dysplasia . . . . .	41
Concrescence . . . . .	42
Hypercementosis . . . . .	42
Enamel Pearls . . . . .	43
Dilaceration . . . . .	43
Odontoma . . . . .	44
Enamel Dysplasia . . . . .	46
Defects of Dentin Formation . . . . .	50
Cleidocranial Dysostosis . . . . .	54
3. DISEASES OF THE TEETH AND SUPPORTING STRUCTURES . . . . .	55
Introduction . . . . .	55
Abrasion . . . . .	56
Attrition . . . . .	58
Erosion . . . . .	58
Stains . . . . .	59
Root Fractures . . . . .	60
Internal Resorption . . . . .	61
Apical Resorption . . . . .	62
Cementoma . . . . .	62
Radiation Effect, Teeth . . . . .	63
Dental Caries . . . . .	64
Secondary Dentin Formation . . . . .	68
Pulp Healing . . . . .	68
Pulp Calcification . . . . .	69
Pulpitis . . . . .	70
Sequelae of Pulpitis . . . . .	73
Normal Gingiva . . . . .	76
Marginal (Simple) Gingivitis . . . . .	76
Acute Herpetic Gingivostomatitis . . . . .	77
Necrotizing Ulcerative Gingivitis . . . . .	78

3. DISEASES OF THE TEETH AND SUPPORTING STRUCTURES—(Continued)	
Gingival Enlargement . . . . .	79
Desquamative Gingivitis . . . . .	82
Atrophic Senile Gingivitis . . . . .	82
Periodontitis . . . . .	83
Periodontal Pockets . . . . .	84
Periodontal Disease Involving Interradicular Areas . . . . .	86
Traumatism . . . . .	87
Fibroid Epulis . . . . .	89
Peripheral Giant Cell Reparative Granuloma . . . . .	90
Granuloma Gravidarum . . . . .	90
4. DISEASES OF THE ORAL MUCOSA AND JAWS . . . . .	91
Introduction . . . . .	91
Cheek and Tongue Chewing . . . . .	92
Traumatic (Amputation) Neuroma . . . . .	93
Self-Inflicted Trauma During Anesthesia . . . . .	94
Hyperplasia from Denture Irritation . . . . .	94
Traumatic Bone Lesion . . . . .	95
Thermal Burns . . . . .	96
Chemical Burns . . . . .	96
Galvanism . . . . .	97
Nicotine Stomatitis . . . . .	97
Pigmentation . . . . .	98
Radiation Effect, Soft Tissue and Bone . . . . .	100
Drug Idiosyncrasy . . . . .	102
Keratosiis and Leukoplakia . . . . .	104
Solar Cheilosis . . . . .	106
White Sponge Nevus . . . . .	107
Mucous Retention Cyst . . . . .	108
Sialolithiasis . . . . .	109
Sialadenitis . . . . .	109
Recurrent Herpetiform Lesions . . . . .	110
Periadenitis Mucosa Necrotica Recurrens . . . . .	111
Tuberculosis . . . . .	112
Syphilis . . . . .	114
Histoplasmosis . . . . .	116
Actinomycosis . . . . .	117
Osteomyelitis . . . . .	118
Granuloma Pyogenicum . . . . .	119
Lichen Planus . . . . .	120
Erythema Multiforme . . . . .	122
Pemphigus Vulgaris . . . . .	123
Eupus Erythematosus . . . . .	123
Geographic Tongue . . . . .	124
Hairy Tongue . . . . .	124
Varicose Veins, Tongue . . . . .	125

4. DISEASES OF THE ORAL MUCOSA AND JAWS—( <i>Continued</i> )	
Hereditary Hemorrhagic Telangiectasia	125
Vitamin B Complex Malnutrition	126
Carotenemia	127
Pernicious Anemia	128
Mediterranean Anemia	128
Agranulocytosis	128
Primary Hyperparathyroidism	129
The Histiocytoses	130
Scleroderma	131
Fibrous Dysplasia	132
Acromegaly	133
Paget's Disease of Bone	134
5. NEOPLASMS	135
Introduction	135
Benign Neoplasms	136
Adenoma	136
Papillary Cystadenoma Lymphomatosum	136
Papilloma	137
Fibroma	138
Lipoma	139
Myxoma	139
Benign Tumors of Osseous Origin	140
Schwannoma	142
Neurofibroma	142
Myoblastoma	143
Hemangioma	144
Lymphangioma	145
Neoplasms of Odontogenic Origin	146
Benign Mixed Tumors of Salivary Gland Origin	150
Malignant Neoplasms	152
Malignant Salivary Gland Neoplasms	152
Basal Cell Carcinoma	154
Squamous Cell Carcinoma	155
Cancer of the Nasopharynx	160
Multiple Myeloma	161
Malignant Lymphoma	162
Leukemia	163
Osteogenic Sarcoma	164
Chondrosarcoma	164
Fibrosarcoma	165
Melanoma	166
Metastasis to the Jaws	167
BIBLIOGRAPHY	169
INDEX	195
