

## TABLE OF CONTENTS

	<i>Page</i>
EDITORIAL BOARD . . . . .	v
LIAISON REPRESENTATIVES . . . . .	vii
PREFACE . . . . .	xvii
ACTINOMYCOSIS . . . . .	1
AMEBIASIS (Amebic dysentery) . . . . .	2
PRIMARY AMEBIC MENINGOENCEPHALITIS . . . . .	6
ANCYLOSTOMIASIS (Hookworm disease, Uncinariasis, Necatoriasis) . . . . .	8
ANGIOSTRONGYLIASIS (Eosinophilic meningitis, Eosinophilic meningoencephalitis) . . . . .	10
ANTHRAX (Malignant pustule, Malignant edema, Woolsorters' disease, Ragpickers' disease, Charbon) . . . . .	12
ARTHROPOD-BORNE VIRAL DISEASES (Arboviral diseases) SUMMARY . . . . .	15
ARTHROPOD-BORNE VIRAL ARTHRITIS AND RASH	
I. <i>Mosquito-borne</i> :	
A. Epidemic Polyarthritis and Rash . . . . .	21
ARTHROPOD-BORNE VIRAL ENCEPHALITIDES	
I. <i>Mosquito-borne</i> : Eastern equine, Western equine, California, Japanese, Murray Valley and St. Louis encephalitis . . . . .	22
I. <i>Tick-borne</i> : Russian spring-summer encephalitis, Central European encephalitis, Louping ill and Powassan encephalitis . . . . .	26
ARTHROPOD-BORNE VIRAL FEVERS	
I. <i>Mosquito-borne</i> :	
A. Dengue fever (Breakbone fever) . . . . .	28
B. Bunyamwera, Bwamba, Chikungunya, Mayaro, O'nyong-nyong, Rift Valley, Venezuelan equine, West Nile, Group C viral fevers, Oropouche, and others . . . . .	30
II. <i>Tick-borne</i> : Colorado tick fever and other tick-borne fevers . . . . .	33

III. <i>Phlebotomine-borne</i> : Sandfly fever (Pappataci fever, Phlebotomus fever, Three-day fever) . . . . .	35
ARTHROPOD—BORNE VIRAL HEMORRHAGIC FEVERS	
I. <i>Mosquito-borne</i> :	
A. Yellow fever . . . . .	37
B. Hemorrhagic fevers of the Philippines and South-east Asian (Dengue hemorrhagic fever—DHF) . .	42
II. <i>Tick-borne</i> :	
A. Crimean hemorrhagic fever—Congo and Central Asian hemorrhagic fever . . . . .	44
B. Omsk hemorrhagic fever and Kyasanur Forest disease. . . . .	45
ASCARIASIS . . . . .	47
ASPERGILLOSIS . . . . .	49
BALANTIDIASIS (Balantidiosis, Balantidial dysentery) . . . . .	50
BARTONELLOSIS (Oroya fever, Verruga Peruana, Carrion's disease). . . . .	52
BLASTOMYCOSIS	
North American (Gilchrist's disease) . . . . .	54
South American (Paracoccidioidal granuloma, Paracoccidioidomycosis) . . . . .	55
BRUCELLOSIS (Undulant fever, Malta fever, Mediterranean fever, Bang's disease). . . . .	57
CANDIDIASIS (Moniliasis, Thrush, Candidiosis) . . . . .	59
CAPILLARIASIS	
A. Intestinal . . . . .	62
B. Hepatic . . . . .	63
CARDITIS VIRAL . . . . .	65
CAT—SCRATCH DISEASE (Cat-scratch fever, Benign inoculation lymphoreticulosis) . . . . .	66
CHANCROID (Ulcus molle, Soft chancre) . . . . .	67
CHICKENPOX—HERPES ZOSTER (Varicella, Shingles) . . . . .	69
CHOLERA . . . . .	71
CHROMOBLASTOMYCOSIS (Chromomycosis, Dermatitis verrucosa). . . . .	75
CLONORCHIASIS (Chinese liver fluke disease) . . . . .	77
COCCIDIOIDOMYCOSIS (Valley fever, Desert fever, Desert rheumatism, Coccidioidal granuloma) . . . . .	78

CONJUNCTIVITIS	
Acute bacterial . . . . .	81
Epidemic hemorrhagic . . . . .	82
Inclusion (Neonatal inclusion blennorrhoea, Paratrachoma, Swimming pool conjunctivitis, "Sticky eye") . . . . .	84
CRYPTOCOCCOSIS (Torulosis, European blastomycosis, Busse Buschkes disease) . . . . .	86
CYTOMEGALOINCLUSION DISEASE . . . . .	88
DERMATOPHYTOSIS (Ringworm, Dermatomycosis, Tinea, Epidermophytosis, Trichophytosis, Microsporosis)	
A. Ringworm of the scalp (Tinea capitis) . . . . .	90
B. Ringworm of the body (Tinea corporis) . . . . .	92
C. Ringworm of the foot (Tinea pedis) . . . . .	93
D. Ringworm of the nails (Tinea unguium) . . . . .	95
DIARRHEA, ACUTE UNDIFFERENTIATED	
A. Diarrhea of early childhood . . . . .	96
B. Traveler's diarrhea (Turista) . . . . .	97
DIARRHEA, ENTEROPATHOGENIC <i>E. coli</i> . . . . .	98
DIPHTHERIA . . . . .	101
DIPHYLLOBOOTHRIASIS (Broad or fish tapeworm disease) . . . . .	105
DRACONTIASIS (Guinea worm disease, Dracunculiasis) . . . . .	107
ENTEROBIASIS (Pinworm disease, Oxyuriasis) . . . . .	109
FASCIOLOPSIASIS . . . . .	111
FILARIASIS (Wuchererasis, Brugiasis) . . . . .	113
FOOD POISONING	
A. Staphylococcal food poisoning . . . . .	116
B. <i>Clostridium perfringens</i> ( <i>C. welchii</i> ) food poisoning . . . . .	119
C. Botulism . . . . .	120
D. <i>Vibrio parahaemolyticus</i> food poisoning . . . . .	123
E. <i>Bacillus cereus</i> food poisoning . . . . .	124
GASTROENTERITIS, VIRAL	
A. Epidemic Viral Gastroenteritis (Norwalk type disease, Acute infectious non-bacterial gastroenteritis, Viral diarrhea, Epidemic diarrhea and vomiting, Epidemic nausea and vomiting) . . . . .	125
B. Sporadic Viral Gastroenteritis (Severe viral gastroenteritis of infants and children) . . . . .	127
GIARDIASIS ( <i>Giardia enteritis</i> , Lambliasis) . . . . .	129

GONOCOCCAL DISEASE .....	
A. Gonorrhoea (Gonococcal urethritis, Clap, Strain, Gleet, Dose, Jack) .....	131
B. Gonococcal vulvovaginitis of children .....	133
C. Gonococcal ophthalmia neonatorum (Gonorrhoeal ophthalmia, Acute conjunctivitis of the newborn) .....	135
GRANULOMA INGUINALE (Donovaniasis, Granuloma venereum) .....	137
HEMORRHAGIC FEVERS	
Argentinian and Bolivian types .....	138
With renal syndrome (Hemorrhagic nephrosonephritis, Epidemic hemorrhage fever) .....	139
HEPATITIDES	
A. Hepatitis A (Epidemic hepatitis, Epidemic jaundice, Infectious hepatitis, Catarrhal jaundice, Viral hepatitis type A) .....	141
B. Hepatitis B (Homologous serum jaundice, Serum hepatitis, Australia antigen hepatitis, Viral hepatitis type B) .....	144
HERPANGINA AND VESICULAR STOMATITIS WITH EXANTHEM AND ACUTE LYMPHONODULAR PHARYNGITIS (Hand, foot, and mouth disease) .....	147
HERPES SIMPLEX .....	150
B-Virus infection .....	152
HISTOPLASMOSIS .....	153
African histoplasmosis .....	155
HYDATIDOSIS (Hydatid disease, Echinococcosis)	
A. Infection by <i>Echinococcus granulosus</i> (Unilocular echinococcosis) .....	156
B. Infection by <i>Echinococcus multilocularis</i> (Alveolar hydatid disease) .....	158
INFLUENZA .....	159
KERATOCONJUNCTIVITIS, EPIDEMIC (EKC) (Shipyard conjunctivitis, Shipyard eye, Infectious punctate, Keratitis) ..	163
LARVA MIGRANS .....	
A. Visceral .....	165
B. Cutaneous .....	167
LASSA FEVER .....	168
Marburg virus disease .....	169

## LESIHMANIASIS

Cutaneous (Aleppo, Baghdad or Delhi boil; Oriental sore, Espundia, Uta, Chiclero or Bauru ulcer)	170
Visceral (Kala azar)	172
LEPROSY (Hansen's disease)	174
LEPTOSPIROSIS (Weil's disease, Canicola fever, Hemorrhagic jaundice, Mud fever, Swineherd's disease)	178
LISTERIOSIS	180
LOIASIS	182
LYMPHOCYTIC CHORIOMENINGITIS (LCM)	184
LYMPHOGRANULOMA VENEREUM (Lymphogranuloma inguinale, Lymphopathia venereum, Climatic bubo)	186
MADUROMYCOSIS (Madura foot, Mycetoma)	188
MALARIA	189
Babesiosis	196
MEASLES (Morbili, Hard measles, Rubeola, Red measles)	196
MELIOIDOSIS	200
Glanders	201
MENINGITIS	
Aseptic (Viral meningitis, Serous meningitis, Nonbacterial or abacterial meningitis)	202
Meningococcal (Cerebrospinal fever, Meningococcal infection, Meningococcemia)	204
MOLLUSCUM CONTAGIOSUM	208
MONONUCLEOSIS, INFECTIOUS (Glandular fever, Monocytic angina)	209
MUCORMYCOSIS (Phycomycosis, Zygomycosis)	211
Phycomycosis	212
Subcutaneous phycomycosis	212
Rhinoentomophthoromycosis	212
MUMPS (Infectious parotitis)	213
NOCARDIOSIS	215
ONCHOCERCIASIS (River blindness)	216
PARAGONIMIASIS (Pulmonary distomiasis, Endemic hemoptysis, Lung fluke disease)	218
PARATYPHOID FEVER	220
PEDICULOSIS (Lousiness)	222
PINTA (Carate, Tian, Lota, Azul)	224

PLAGUE (Pest, Black death).....	225
PLEURODYNIA, EPIDEMIC (Bornholm disease, Epidemic myalgia, Devil's grippe).....	231
THE PNEUMONIAS	
A. Pneumococcal pneumonia .....	233
B. Bacterial pneumonia, other than pneumococcal.....	235
C. Mycoplasmal (PPLO) pneumonia (Primary atypical pneumonia, Eaton agent pneumonia).....	237
D. Pneumocystis pneumonia (Interstitial plasma-cell pneumonia).....	238
E. Other pneumonias .....	240
POLIOMYELITIS (Infantile paralysis).....	240
PSITTACOSIS (Ornithosis, Parrot fever).....	245
Q FEVER.....	248
RABIES (Hydrophobia).....	250
RAT-BITE FEVER.....	
A. <i>Streptobacillus moniliformis</i> disease (Haverhill fever) ..	257
B. <i>Spirillum minor</i> disease (Sodoku) .....	258
RELAPSING FEVER .....	259
RESPIRATORY DISEASE, ACUTE VIRAL	
A. Acute febrile respiratory disease.....	262
B. The common cold .....	265
RICKETTSIAL FEVERS, TICK-BORNE (Spotted fever group)	
A. Rocky Mountain spotted fever (New World spotted fever, Tick-borne typhus fever).....	267
B. Boutonneuse fever (Marseilles fever, African tick typhus, Kenya tick typhus, India tick typhus) .....	269
C. Queensland tick typhus .....	270
D. North Asian tick-borne rickettsiosis (Siberian tick typhus) .....	270
RICKETTSIALPOX (Vesicular rickettsiosis).....	271
RUBELLA (German-measles) .....	272
Erythema infectiosum (Fifth disease) .....	276
Exanthem subitum (Roseola infantum) .....	276
SALMONELLOSIS.....	276
SCABIES.....	280
SCHISTOSOMIASIS (Bilharziasis).....	282
SHIGELLOSIS (Bacillary dysentery).....	285

SMALLPOX .....	288
Monkeypox .....	297
SPOROTRICHOSIS .....	297
STAPHYLOCOCCAL DISEASE	
A. In the community .....	299
B. In hospital nurseries .....	301
C. In medical and surgical wards of hospitals .....	304
STREPTOCOCCAL DISEASE CAUSED BY GROUP A (BETA HEMOLYTIC) STREPTOCOCCI (Streptococcal sore throat, Scarlet fever, Impetigo, Erysipelas, Puerperal fever) .....	306
STRONGYLOIDIASIS .....	312
SYPHILIS	
I. Venereal (Lues) .....	314
II. Nonvenereal (Bejel, Dichuchwa, Njovera) .....	318
TAENIASIS AND CYSTICERCOSIS (Beef or pork tapeworm disease) .....	319
TETANUS (Lockjaw) .....	322
TOXOPLASMOSIS .....	325
TRACHOMA .....	327
TRICHINOSIS (Trichiniasis, Trichinellosis) .....	330
TRICHOMONIASIS .....	332
TRICHURIASIS (Trichocephaliasis, Whipworm disease) .....	333
TRYPANOSOMIASIS	
African (African sleeping sickness) .....	335
American (Chagas' disease) .....	338
TUBERCULOSIS .....	340
Mycobacterioses .....	346
Pulmonary disease resembling tuberculosis .....	346
TULAREMIA .....	347
TYPHOID FEVER (Enteric fever, Typhus abdominalis) .....	349
TYPHUS FEVER	
Epidemic louse-borne (Typhus exanthematicus, Classical typhus fever) .....	354
Flea-borne (Murine typhus, Epidemic typhus fever) .....	357
Scrub (Tsutsugamushi disease, Mite-borne typhus fever) ..	359
URETHRITIS, NON-GONOCOCCAL (Non-specific urethritis) .....	361
VERRUCA VULGARIS (Warts) .....	363
WHOOPING COUGH (Pertussis) .....	364

WOLHYNIAN FEVER (Trench fever, Five-day fever, Quintana fever).....	367
YAWS (Frambesia tropica, Pian, Bouba, Parangi) .....	369
YERSINIOSIS (Pseudotuberculosis, Enterocolitis) .....	372
DEFINITIONS .....	378
INDEX .....	389

Donación de:  
**Dr. Mario L. Gumucio Cárdenas**

A la Facultad de Medicina  
 de la U.M.S.S.  
 Febrero 16, 2000
