

Lexer's Method	54
Ochsner-Owens Modification of Lexer's Method	58
Other Methods	62
BENIGN TUMORS OF THE ESOPHAGUS	62
Local Excision of Benign Tumors	64
ESOPHAGEAL ACHALASIA	65
Bougienage	68
Operative Treatment	70
Side-to-Side Esophagogastric Anastomosis (Heyrovski)	70
Side-to-Side Esophagogastrostomy (Grondahl)	73
Cardioplasty (Wendel)	74
Cardioplasty (Girard)	75
Esophagocardiomyotomy (Heller)	76
Partial Esophagectomy with Esophagogastrostomy (Rumpel, Wangensteen)	79
Other Procedures for the Treatment of Achalasia	80
TRACHEOESOPHAGEAL AND BRONCHOESOPHAGEAL FISTULAS	80
Congenital Esophageal Atresia with or without Tracheoesophageal or Bronchoesophageal Fistula	81
Extrapleural Operation (One Stage)	83
One-Stage Intrapleural Operation	88
Two-Stage Intrapleural Operation	90
Acquired Esophagorespiratory Fistula	93
Repair of Acquired Esophagorespiratory Fistula	94
ESOPHAGOPLEURAL FISTULA	97
Repair of Esophagopleural Fistula	98
ESOPHAGEAL VARICES	99
Tamponade	102
Injection Treatment	105
Ligation of the Hepatic, Splenic and Left Gastric Arteries (Rienhoff)	106
Splenic Artery Ligation (Blain)	109
Gauze Packing of Mediastinum (Garlock)	111
Transesophageal Ligation of Bleeding Varices (Crile)	114
Other Operations for Esophageal Varices	116
ESOPHAGEAL DIVERTICULA	117
Pharyngoesophageal Diverticula	117
Two-Stage Diverticulectomy (Lahey)	121
One-Stage Diverticulectomy	126
Supradiaphragmatic Diverticula	130
Supradiaphragmatic Diverticulectomy	131
Supradiaphragmatic Diverticular Suspension	131
Midesophageal Diverticula	132
MALIGNANT TUMORS OF THE ESOPHAGUS	133
Souttar's Intubation	135
Esophagectomy	137
Partial Esophagectomy with End-to-End Esophago-esophago- gostomy	137
Cervical Esophagectomy with Skin Flap Closure in Two Stages (Wookey)	138

Cervical Esophagectomy and Laryngectomy with Skin Flap Closure in Two Stages (Wookey).....	143
Cervical Esophagectomy with Replacement by Tubed Pedicled Grafts (Bricker).....	144
One-Stage Partial Esophagectomy with Replacement by a Plastic Tube (Berman).....	149
Partial Esophagectomy with Low Esophagogastrostomy (Sweet).....	154
Partial Esophagectomy with High Intrathoracic Esophagogastrostomy (Sweet).....	163
Partial Esophagectomy with Cervical Esophagogastrostomy (Sweet).....	166
Partial Esophagectomy with Cervical Esophagojejunostomy in One Stage (Sweet).....	170
One-Stage Total Esophagectomy with Esophagogastrostomy (Shefts and Fischer).....	171
Two-Stage Intrathoracic Esophagojejunostomy (Rienhoff)...	174
Artificial Esophagus Formed by a Free Segment of Intestine Covered by Skin (Longmire and Ravitch).....	181
Intrathoracic Replacement of Esophagus with Transverse and Descending Colon.....	185
Repair of Tracheobronchial Defects Produced during Esophagectomy.....	185
Repair of Small Defects by Patching.....	186
Repair of Larger Tracheobronchial Defects.....	186
Repair with Tantalum Mesh Covered by Cutis Graft (Handelsman-Kieffer-Edgerton).....	187
Repair by Dermal Skin Grafts Laced with Wire (Gebauer)...	188
Repair with Wire Coil Covered by Fascia (Belsey).....	190
Repair with Viable Pedicle Graft (Penton and Brantigan)....	191
TRACHEOTOMY.....	192
REFERENCES.....	197

THE STOMACH AND DUODENUM.....	201
SURGICAL ANATOMY OF THE STOMACH.....	201
SURGICAL ANATOMY OF THE DUODENUM.....	207
PHYSIOLOGY OF THE STOMACH.....	210
PHYSIOLOGY OF THE DUODENUM.....	212
GASTRIC, GASTRODUODENAL AND LOWER GASTROINTESTINAL INTUBATION ..	212
Peroral Gastric Intubation.....	212
Nasal Gastric, Gastroduodenal and Lower Gastrointestinal Intubation.....	214
Levin Tube.....	214
Bilumen Gastrojejunostomy Tube.....	216
Bilumen Gastroduodenal Tube.....	216
Miller-Abbott Tube.....	217

CONTENTS OF VOLUMES ONE, TWO AND THREE

Harris and Cantor Single-Lumen Mercury-Weighted Tubes.	219
Comment on Use of Indwelling Gastrointestinal Tubes. . . .	220
Complications Attending Use of Indwelling Gastrointestinal Tubes.	220
PERORAL GASTROSCOPY.	221
Peroral Gastroscopy with Flexible Gastroscope.	222
Peroral Gastroscopy with Rigid-Tube Gastroscope (Jackson). . . .	224
ANTERIOR GASTROSCOPY AND DUODENOSCOPY THROUGH A GASTROTOMY OR GASTROSTOMY STOMA.	227
ACUTE DILATATION OF THE STOMACH.	227
GASTROLYSIS AND DUODENOLYSIS (FREEING OF ADHESIONS).	228
VOLVULUS OF THE STOMACH.	229
GASTROPEXY.	231
GASTRIC PPLICATION.	234
GASTROINTESTINAL SUTURING.	235
Interrupted Lembert Suture.	238
Continuous Lembert Suture.	240
Halsted Interrupted Quilt (Mattress) Suture.	240
Purse-String Suture.	240
Cushing Suture.	242
Connell Suture.	242
Parker-Kerr Stitch.	242
Through-and-Through U-Stitch.	243
Marshall U-Stitch.	245
Furrier Suture.	248
Simple Overhand Continuous or Interrupted Suture (Albert).	248
Lock-Stitch (Glover Stitch).	248
Czerny Interrupted Sutures.	249
Enterorrhaphy by a Combination of a Continuous Through-and-Through Marginal (Albert) Suture and Interrupted, Gould Inverted Mattress Suture.	250
Three-Layer Suture Line.	251
Suture Instrument of de Petz.	251
Murphy Button.	253
INCISIONS FOR EXPOSURE OF STOMACH AND DUODENUM.	254
GASTROTOMY.	256
GASTRORRHAPHY.	258
INCISED AND GUNSHOT WOUNDS OF THE STOMACH.	261
GASTROSTOMY.	264
Witzel Gastrostomy.	265
Intramural Gastrostomy (Submucosal Canal) (Marwedel-Soresi-Partipilo Method).	267
Superimposed Purse-String Gastrostomy (Stamm-Senn Method).	269
Brunschwig's Gastrostomy.	270
Kader (Double Linear Plication) Gastrostomy.	270
Ssabanajew-Franck (Stomach Cone Transfer) Gastrostomy.	272
Kocher's Modification of the Ssabanajew-Franck Operation.	275
Albert's Modification of the Ssabanajew-Franck Operation.	275
Hahn's Modification of the Ssabanajew-Franck Operation.	275

Glassman's Gastrostomy.....	276
Janeway-Depage (Tubular) Gastrostomy.....	277
Spivack Valvular Modification of Janeway-Depage Tubular Gastrostomy.....	280
Comment on Janeway-Type Gastrostomies.....	280
Beck-Jianu (Long Gastric Tube) Gastrostomy.....	281
Retrograde Bougienage of the Esophagus through a Gastrostomy Opening.....	284
Comment on Gastrostomies in General.....	285
OPERATIONS FOR STENOSIS OF THE CARDIA.....	285
Retrograde Stretching of the Cardiac Orifice from within the Stomach.....	286
Other Procedures.....	286
SIMPLE EXCISION OF A PEPTIC ULCER.....	286
Excision of Ulcer on Anterior Wall of Stomach.....	286
Excision of Ulcer on Posterior Wall of Stomach.....	286
Retrogastric Excision.....	286
Transgastric Excision.....	287
Cautery Excision of Gastric Ulcer (Balfour).....	288
Wedge-Shaped Excision of Ulcer on Lesser Curvature of Stomach with or without Accompanying Gastrojejunostomy.....	289
Simple Excision of Small Ulcer on Anterior Wall of the First Portion of Duodenum.....	291
LOCAL EXCISION OF BENIGN GASTRIC TUMOR (INCLUDING POLYPS).....	291
DIVERTICULUM OF THE STOMACH.....	291
Excision of Gastric Diverticulum.....	293
DIVERTICULUM OF THE DUODENUM.....	293
Excision of Duodenal Diverticulum.....	294
DUODENOJEJUNOSTOMY.....	297
OPERATIONS UPON THE PYLORUS FOR ENLARGING ITS ORIFICE.....	301
Pylorotomy.....	301
Pyloric Hypertrophy in Adults.....	301
Congenital Hypertrophic Pyloric Stenosis.....	302
Fredet-Ramstedt Pylorotomy.....	302
Pylorodiosis.....	307
Pyloroplasty.....	307
Heineke-Mikulicz Pyloroplasty.....	307
Horsey Modification of Heineke-Mikulicz Pyloroplasty.....	309
Finney U-Shaped Pyloroplasty (Gastroduodenostomy).....	307
Balfour's Excision Pyloroplasty.....	314
Pyloroplasty with Excision of Ulcer (Judd).....	316
Comment on Pyloroplasty in General.....	316
GASTROENTEROSTOMY.....	317
Gastroduodenostomy (Jaboulay, 1892).....	317
Gastroduodenostomy (Rienhoff).....	319
Gastrojejunostomy.....	323
Precolic (Antecolic) Anterior Gastrojejunostomy (Woelfler, 1881).....	325
Precolic Posterior Gastrojejunostomy.....	332

Retrocolic Posterior Gastrojejunostomy (Von Hacker, 1885)	332
Retrocolic Anterior Gastrojejunostomy	340
Roux-en-Y Gastrojejunostomy	341
Comments on Gastrojejunostomy in General	343
METHODS OF CLOSURE OF DUODENAL STUMP IN GASTRECTOMY OR EXCLUSION	
OPERATIONS	344
Inversion by Parker-Kerr Suturing	345
Rienhoff Method	346
Closure with Tamponade	346
Closure by Multiple Purse-String Sutures	348
Closure with Ligature and Suture	350
Temporary Duodenostomy	350
GASTRIC AND DUODENAL (PEPTIC) ULCER	351
Complications of Peptic Ulcer	358
Perforation	358
Obstruction	359
Bilocular Stomach or Hour-Glass Contraction of Stomach	360
Hemorrhage	360
Treatment of Peptic Ulcer	363
TUMORS OF THE STOMACH AND DUODENUM	365
Benign Tumors	365
Benign Gastric Tumors	365
Benign Tumors of the Duodenum	367
Symptoms and Diagnosis of Benign Tumors of Stomach and Duodenum	367
Treatment of Benign Tumors of Stomach and Duodenum	367
Malignant Tumors	368
Malignant Tumors of the Stomach	368
Malignant Tumors of the Duodenum	369
Symptoms and Diagnosis of Malignant Tumors of Stomach and Duodenum	370
Treatment of Malignant Tumors of Stomach and Duodenum	371
GASTRECTOMY	371
Partial Gastrectomy	375
Partial Gastrectomy with End-to-End Gastroduodenostomy (Billroth I Operation)	389
Von Haberer Modification of the Billroth I Operation	400
Horsley Modification of the Billroth I Operation	404
Kocher Modification of the Billroth I Operation	404
Von Haberer-Finney Modification of the Billroth I Operation	404
Tubular or Staircase Modification of Billroth I Partial Gastrectomy with a Variety of Methods of Performing the Accompanying Gastroduodenostomy	406
Comment on Billroth I Procedure	409
Partial Gastrectomy of the Median Portion of the Stomach (Sleeve Resection)	409
Segmental Partial Gastrectomy for Peptic Ulcer (Wangenstein)	410

Transthoracic Resection of Esophagus and Cardiac End of Stomach.....	413
Comments on Billroth II Partial Gastrectomy.....	416
Polya Modification of Billroth II Operation.....	417
Polya-Balfour Modification of Billroth II Operation.....	433
Hofmeister Modification of Billroth II Operation.....	433
Original Billroth II Partial Gastrectomy.....	440
Devine Exclusion Two-Stage Partial Gastrectomy.....	443
Finsterer Partial Gastrectomy with Antral Exclusion of Peptic Ulcer.....	447
Roux-en-Y Modification of Billroth II Operation.....	450
Results of Partial Gastrectomy.....	452
Total Gastrectomy.....	454
Longmire Method.....	456
Lahey Method.....	462
Orr Method.....	469
Graham Method.....	471
Roux-en-Y Total Gastrectomy.....	472
Total Gastrectomy with Esophagoduodenostomy.....	481
Total Gastrectomy with Formation of Substitute Gastric Reservoir.....	482
Results of Total Gastrectomy.....	486
Comments on Partial and Total Gastrectomies.....	486
OPERATIONS FOR PYLORODUODENAL OCCLUSION AND EXCLUSION AND FOR ANTRAL EXCLUSION.....	489
Pyloroduodenal Occlusion by Ligation of the Pylorus, Accompanied by Gastrojejunostomy.....	490
Prepyloric Occlusion by Transverse Plication.....	490
Pyloroduodenal Exclusion by Disconnection (Bier).....	490
Prepyloric Exclusion by Disconnection (Von Eiselsberg).....	490
Devine Operation for Prepyloric Exclusion.....	490
OPERATIONS FOR HOUR-GLASS OR SADDLE-BAG DEFORMITY OF THE STOMACH.....	494
Lateral Gastrogastrostomy for Hour-Glass Stomach.....	494
Kammerer-Finney Gastroplasty for Hour-Glass Stomach.....	494
Heineke-Mikulicz Gastroplasty for Hour-Glass Stomach.....	494
Wedge-Shaped Excision for Hour-Glass Stomach.....	494
Sleeve Resection for Hour-Glass Stomach.....	496
Operation for Hour-Glass Stomach by Anterior or Posterior Gastrojejunostomy with the Proximal Pouch.....	497
COMPLICATIONS AFTER GASTROINTESTINAL ANASTOMOSIS.....	498
Hematemesis.....	498
Postoperative Gastric Retention.....	500
Jejunoplasty.....	502
Leakage from Duodenal Stump.....	508
Rupture of Abdominal Incision.....	509
Venous Thrombosis.....	509
Marginal Jejunal Ulcer.....	510
Disconnection of Gastrojejunostomy.....	511

Repair of Gastroileostomy.....	514
Gastrojejunal Fistula.....	515
Pfeiffer Method of Closing Gastrojejunal Fistula.....	516
Findlay Method of Closing Gastrojejunal Fistula.....	520
Marshall Method of Closing Gastrojejunal Fistula.....	523
Gastric Fistula.....	525
External Gastric Fistula.....	525
Internal Gastric Fistula.....	526
Duodenal Fistula.....	527
Internal Duodenal Fistula.....	527
External Duodenal Fistula.....	529
Other Complications.....	532
OPERATIONS FOR ACUTE COMPLICATIONS OF GASTRIC AND DUODENAL ULCERS.....	533
Hemorrhage from Ulcers of the Stomach and Duodenum.....	533
Perforated Peptic Ulcer.....	541
Closure of Acutely Perforated Peptic Ulcer.....	545
Nonoperative Treatment of Perforated Peptic Ulcer.....	548
VAGOTOMY.....	549
Abdominal (Subdiaphragmatic) Vagotomy.....	553
Transthoracic (Supradiaphragmatic) Vagotomy.....	556
Postoperative Complications of Vagotomy.....	559
Comments on Vagotomy.....	560
REFERENCES.....	561

THE LIVER	565
ANATOMY.....	565
PHYSIOLOGY.....	570
LIVER FUNCTION TESTS.....	575
GENERAL SURGICAL CONSIDERATIONS.....	584
ANESTHESIA.....	587
INCISIONS.....	587
Incisions Used for Transperitoneal Exposure of Anterosuperior Surface of Liver.....	587
Transperitoneal Exposure of Dome and Anterior Aspect of Right Lobe.....	588
Transperitoneal Exposure of Lower Lateral Border of Right Lobe..	588
Extraperitoneal-Extrapleural Exposure of Extraperitoneal Surface of the Liver.....	588
Intercostal Subpleural Exposure of Superior Surface.....	589
Rib Resection for Extrapleural Exposure of Superior Surface.....	589
Transpleural Approach to the Superior Surface Following Partial Resection of Ribs.....	589
EXPLORATORY AND DIAGNOSTIC OPERATIONS UPON THE LIVER.....	589

Exploratory Puncture without Incision of the Chest or Abdominal Wall.....	589
Needle Biopsy.....	591
Peritoneoscopy.....	593
WOUNDS OF THE LIVER.....	603
PARTIAL HEPATECTOMY FOR REMOVAL OF TUMOR OF THE LIVER.....	607
V-Shaped Excision of Small Tumor of Edge of Liver.....	608
V-Shaped Excision of Large Tumor of Anterior Margin.....	608
Left Lobectomy of the Liver.....	609
INTRAHEPATIC ABSCESS.....	612
Pyogenic Intrahepatic Abscess.....	612
Amebic Intrahepatic Abscess.....	616
Aspiration of Intrahepatic Abscess.....	620
Closed Tube Drainage of Amebic Abscess of the Liver.....	622
Hepatotomy for Intrahepatic Abscess.....	623
One-Stage Transperitoneal Hepatotomy for Intrahepatic Abscess.....	624
Two-Stage Transperitoneal Hepatotomy for Intrahepatic Abscess.....	626
Transthoracic Hepatotomy.....	626
SUBPHRENIC (SUBDIAPHRAGMATIC) ABSCESS.....	632
Anterior Extraperitoneal Drainage of Subphrenic or Intrahepatic Abscess (Clairmont).....	638
Posterior Extraperitoneal Drainage of Subphrenic or Intrahepatic Abscess (Nather and Ochsner).....	639
Comment.....	642
HYDATID DISEASE.....	642
Hydatid Cysts of the Liver.....	651
Surgical Treatment of Uncomplicated Cysts.....	651
Treatment of Complicated Cysts.....	655
Postoperative Complications.....	659
Results of Surgical Treatment.....	660
Hydatid Cysts of the Peritoneum and Pelvis.....	660
Hydatid Cysts in Other Locations.....	662
NONPARASITIC CYSTS OF THE LIVER.....	663
CIRRHOSIS OF THE LIVER.....	664
Abdominal Paracentesis for Evacuation of Ascitic Fluid.....	670
Crosby-Cooney-Lord ("Button") Operation for Intractable Ascites.....	672
Establishment of New Intraperitoneal Venous Channels in Cirrhosis of the Liver (Talma-Drummond-Morison Operation).....	674
Extraperitoneal Omentopexy in Cirrhosis of the Liver.....	675
Portacaval Anastomoses.....	676
Splenorenal Anastomosis.....	679
Anastomosis of Portal Vein to Vena Cava.....	683
Comments on Portacaval Anastomoses.....	687
Splenic Artery Ligation.....	688
TREATMENT OF WOUNDS OF THE HEPATIC ARTERY AND PORTAL VEIN INCURRED DURING OPERATION.....	689
REFERENCES.....	690

THE GALLBLADDER AND EXTRAHEPATIC BILIARY DUCTS	693
SURGICAL ANATOMY OF THE GALLBLADDER.....	693
SURGICAL ANATOMY OF THE EXTRAHEPATIC BILIARY DUCTS.....	696
PHYSIOLOGY.....	700
ANOMALIES AND CONGENITAL ABNORMALITIES OF THE GALLBLADDER AND BILE DUCTS.....	702
Anomalies of the Gallbladder.....	703
Anomalies and Abnormalities of the Common Bile Duct.....	708
Cystenterostomy.....	712
Congenital Atresia of the Bile Ducts.....	713
Operation for Atresia of the Bile Ducts.....	715
OBSTRUCTIVE JAUNDICE DUE TO INSPISSATED BILE OR MUCUS IN THE BILIARY PASSAGES OF INFANTS.....	719
Operation for Relief of Biliary Obstruction Due to Inspissated Bile or Mucus.....	719
CHOLECYSTITIS AND CHOLELITHIASIS.....	720
Acute Cholecystitis.....	721
Chronic Cholecystitis and Cholelithiasis.....	727
Cholelithiasis.....	730
Results of Surgical Treatment of Acute and Chronic Cholecystitis and Cholelithiasis.....	733
CHOLESTEROSIS OF THE GALLBLADDER.....	733
RECOGNITION OF CHRONIC CHOLECYSTIC DISEASE AT OPERATION.....	734
CHOLEDOCHOLITHIASIS.....	735
TUMORS OF THE EXTRAHEPATIC BILIARY TRACT.....	738
Benign Tumors of the Gallbladder.....	738
Primary Carcinoma of the Gallbladder.....	739
Primary Sarcoma of the Gallbladder.....	743
Benign Tumors of the Bile Ducts.....	743
Primary Malignant Tumors of the Extrahepatic Bile Ducts.....	744
GENERAL SURGICAL CONSIDERATIONS OF OPERATIONS ON THE BILIARY TRACT.....	746
OPERATIONS UPON THE GALLBLADDER.....	752
Cholecystectomy.....	752
Total Cholecystectomy.....	756
Cholecystectomy with Drainage of the Common Duct.....	762
Partial Cholecystectomy with Chemical Destruction of the Remaining Mucosa.....	762
Partial Cholecystectomy with Electrocoagulation of the Remaining Mucosa (Thorek).....	765
Postoperative Care of Cholecystectomy Subjects.....	767
Cholecystostomy.....	768
Operations for Internal Drainage of the Gallbladder (Cholecystoduodenostomy, Cholecystogastrostomy, and Cholecystojejunostomy).....	772
Cholecystoduodenostomy.....	773
Cholecystogastrostomy or Cholecystojejunostomy.....	775

Operations for Wounds of the Gallbladder	775
SECONDARY OPERATIONS FOR RECURRING BILIARY TRACT DISEASE	775
OPERATIONS UPON THE EXTRAHEPATIC BILE DUCTS	779
Supraduodenal Choledochostomy and Choledocholithotomy (Ex- ploration of the Common Duct)	780
Transduodenal Ampullary Choledochoduodenostomy	794
Transduodenal Approach for Intraduodenal (Interstitial) Chole- dochotomy for Calculus	798
Retroduodenal Choledochotomy for Calculus Followed by Choledo- chorrhaphy	799
Transduodenal Excision of the Duodenal Ampulla (of Vater)	801
Choledochoduodenostomy, Choledochogastrostomy and Choledo- chojejunostomy for Irremediable Obstruction in the Distal Portion of the Common Duct	802
Excision of the Gallbladder, Cystic Duct and the Junction of the Main Hepatic and Common Ducts for Tumor, Followed by Hepaticocholedochostomy over a T-Tube	806
Repair of Wounds of the Biliary Ducts	808
Repair of Wounds Due to Surgery	808
Repair of Wounds Due to Trauma	810
Repair of Benign Stricture of the Bile Duct	811
Incision and Repair of Stricture by Heineke-Mikulicz Method	817
Repair by Simple End-to-End Anastomosis	818
Repair by Dissecting out Retroduodenal Portion of Common Duct Followed by End-to-End Anastomosis	820
Repair by End-to-End Anastomosis of the Duct over Tem- porary Indwelling Tube Other than a T-Tube	824
Repair by End-to-End Anastomosis of Ducts without the Use of Either a Temporary or Permanently Indwelling Tube	827
Repair by End-to-End Anastomosis of the Ducts over a Permanent Indwelling Tube	828
Comment on Repair by End-to-End Anastomosis of the Ducts	829
Repair by Dilatation and Tube Implantation of the Duct	830
Bridging Defects in Bile Ducts by Tubes (Wilms-Sullivan)	830
Simple Excision of Stricture of the Bile Duct with Implan- tation of Proximal Segment of Duct into Intestinal Tract	832
Intrahepatic Cholangiojejunostomy with Partial Hepa- tectomy (Longmire)	841
Use of Pedicle Flap of Stomach (Hoag)	844
Use of Mucosal Flap of Jejunum (Cole)	845
Establishment of an External Biliary Fistula with Later Im- plantation of the Fistulous Tract into the Intestinal Tract	848
Formation of Temporary External Biliary Fistula	848
Cholecystenterostomy	850
Comments on Operations for Repair of Stricture of Bile Ducts	850
HEPATOSTOMY	852
Internal Hepatostomy	852
External Hepatostomy	853

BILIARY FISTULA	854
Internal Biliary Fistula	854
External Biliary Fistula	855
Operative Treatment for Complete External Biliary Fistula by Correction of Obstruction and Excision of Fistula . . .	856
Implantation of a Complete External Biliary Fistulous Tract into the Duodenum, Stomach or Jejunum	856
Incomplete External Biliary (Mucous) Fistula	857
CHOLANGIOGRAPHY OR ROENTGENOGRAPHIC VISUALIZATION OF THE GALL- BLADDER AND BILE DUCTS	858
REFERENCES	859

VOLUME TWO

Chapter 5

THE PANCREAS	863
ANATOMY	863
EMBRYOLOGY AND HISTOLOGY	871
PHYSIOLOGY	872
GENERAL SURGICAL CONSIDERATIONS	874
METHODS OF EXPOSING THE PANCREAS	875
CONGENITAL MALFORMATIONS OF THE PANCREAS	879
Pancreas Divisum	879
Ectopic or Aberrant Pancreas	879
Annular Pancreas	881
Fibrocystic Pancreas	883
PANCREATIC INJURIES	883
Operative Treatment for Penetrating and Nonpenetrating Pancreatic Injuries	887
Treatment of Operative Injuries of the Pancreas	889
Incision for Biopsy	889
Injury to the Tail and Body of the Pancreas	889
Injury to the Head of the Pancreas	890
PANCREATITIS	892
Acute Pancreatitis	892
Nonsurgical Treatment	896
Operative Treatment by Pancreatotomy and Drainage by the Transgastrocolic Route	899
Chronic Pancreatitis	900
Choledochal Sphincterotomy	902
Dilation of the Sphincter of Oddi	903
Choledochojejunostomy (Bowers)	904
