CHAPTER

PAGE

PART I

THE STUDY OF THE RHEUMATIC DISEASES

EDITOR: CHARLES RAGAN, M.D.

1. Introduction to Arthritis and the Rheumatic Diseases (J. L. Hollander)	23
2. Examination of the Arthritic Patient (L. M. Lockie)	34
3. The Structure and Function of Joints (Ernest Gardner)	45
4. The Study of the Connective Tissue (C. W. Castor)	57
5. The Synovial Fluid (R. A. Jessar)	70
6. The Rheumatoid Factors (J. H. Vaughan)	85
7. The L. E. Phenomenon and Antinuclear Antibodies (G. J. Friou)	99
8. Inflammation in the Rheumatic Diseases (D. J. McCarty)	113
9. Arthritis in Animals (C. M. Pearson)	119
10. Radiology in Rheumatic Diseases (C. J. Smyth)	130
11. Organization of an Arthritis Clinic (R. W. Lamont-Havers)	176

PART II

THE STUDY OF RHEUMATOID ARTHRITIS

EDITOR: EDWARD W. BOLAND, M.D.

12. The Etiology of Rheumatoid Arthritis (W. D. Robinson)	181
13. The Pathology of Rheumatoid Arthritis (L. Sokoloff)	187
14. The Clinical Picture of Rheumatoid Arthritis (C. A. Ragan)	211
15. Juvenile Rheumatoid Arthritis (J. J. Calabro)	220
16. Laboratory Findings in Rheumatoid Arthritis (M. Ziff and John Baum)	236
17. Diagnosis and Differential Diagnosis of Rheumatoid Arthritis (C. McEwen)	254
18. Methods for Evaluating Rheumatoid Arthritis (J. Lansbury)	269

PART III

THE TREATMENT OF RHEUMATOID ARTHRITIS

EDITOR: RICHARD H. FREYBERG, M.D.

19. Conservative Management of Rheumatoid Arthritis (E. P. Engleman)	295
20. Gold Therapy for Rheumatoid Arthritis (R. H. Freyberg)	302
21. Salicylate, Phenylbutazone, Anti-malarials, and Indomethacin in Treatment of Rheumatoid Arthritis (L. M. Lockie and B. M. Norcross.)	333

CHAPTER	PAGE
22. Corticotropin and Corticosteroids: Chemistry, Physiology, and Metabolic Effects (C. K. Meador and S. R. Hill)	349
23. Use of Synthetic Corticosteroids in Rheumatoid Arthritis (R. L. Black)	364
24. Intrasynovial Corticosteroid Therapy (J. L. Hollander)	381
25. Prevention of Deformities from Arthritis (T. A. Potter and J. G. Kuhns)	399
26. Correction of Arthritic Deformities of the Lower Extremity (T. A. Potter and J. G. Kuhns)	428
27. Correction of Arthritic Deformities of the Upper Extremity (A. E. Flatt)	458
28. Physical Therapy in Arthritis (M. A. Bowie)	481
29. Occupational Therapy in Arthritis (M. A. Bowie)	528
30. Rehabilitation in Arthritis (E. W. Lowman)	535

PART IV

FACTORS INFLUENCING THE ONSET OR COURSE
OF THE RHEUMATIC DISEASES

EDITOR: WILLIAM D. ROBINSON, M.D.

31. The Epidemiology of Rheumatic Diseases (W. M. Mikkelsen)	551
32. Psychogenic Factors in Rheumatic Diseases (T. B. Bayles)	563
33. Infectious and Immunological Considerations in Rheumatic Diseases (J. H. Vaughan)	574
34. Climate and the Rheumatic Diseases (D. F. Hill)	587
35. The Role of the Endocrine Glands in Rheumatic Diseases (S. R. Hill and H. L. Holley)	597
36. The Ameliorating Effect of Jaundice and Pregnancy on Certain Rheumatic Diseases (S. R. Hill and H. L. Holley)	606
37. Diet and Vitamins in Arthritis (R. W. Lamont-Havers)	615
38. Stress and Rheumatic Diseases (Hans Selye)	618

PART V

IMPORTANT RHEUMATIC DISEASES RESEMBLING
RHEUMATOID ARTHRITIS

EDITOR: CURRIER McEWEN, M.D.

39. Ankylosing Spondylitis (E. W. Boland)	633
40. Psoriatic Arthritis (J. W. Sigler)	656
41. Rheumatic Fever: Pathology, Etiology, Epidemiology and Pathogenesis (A. Taranta)	667
42. Rheumatic Fever: Clinical Aspects (A. Taranta)	694
43. Palindromic Rheumatism (R. W. Lamont-Havers)	750
44. Intermittent Hydrarthrosis (C. A. Ragan)	755
45. Other Diseases Resembling Rheumatoid Arthritis (C. McEwen)	759
46. The Fibrositis Syndrome (Non-Articular Rheumatism) (H. A. Smythe)	767

PART VI

THE DIFFUSE CONNECTIVE TISSUE DISEASES

EDITOR: JOHN LANSBURY, M.D.

47. Systemic Lupus Erythematosus (L. E. Shulman and A. M. Harvey)	781
48. Polyarteritis (L. E. Shulman and A. M. Harvey)	802
49. Polymyositis and Dermatomyositis (A. M. Harvey and L. E. Shulman)	817
50. Scleroderma, Calcinosis and Other Connective Tissue Diseases (J. Lansbury and R. R. Joseph)	826

PART VII

OSTEOARTHRITIS (DEGENERATIVE JOINT DISEASE)

EDITOR: EPHRAIM P. ENGLEMAN, M.D.

51. The Pathology and Pathogenesis of Osteoarthritis (L. Sokoloff)	849
52. Symptoms and Laboratory Findings of Osteoarthritis (N. R. Abrams)	870
53. Treatment of Osteoarthritis (N. R. Abrams)	886

PART VIII

METABOLIC BONE AND JOINT DISEASES

EDITOR: CHARLEY J. SMYTH, M.D.

54. Etiology and Pathogenesis of Gout (J. B. Wyngaarden)	899
55. Diagnosis and Treatment of Gout (C. J. Smyth)	923
56. Pseudogout (Articular Chondrocalcinosis) (D. J. McCarty)	947
57. Alkaptonuria, Ochronosis and Ochronotic Arthritis (R. L. Black)	965
58. Metabolic Bone Diseases (D. S. Howell)	973

PART IX

ARTHRITIS CAUSED BY OR OCCURRING WITH SPECIFIC INFECTIONS

EDITOR: EPHRAIM P. ENGLEMAN, M.D.

59. Gonorrheal Arthritis (D. K. Ford)	995
60. Reiter's Syndrome (D. K. Ford)	1001
61. Tuberculous Arthritis (V. G. Balboni)	1016
62. Syphilitic Joint Disease (G. M. Clark)	1031
63. Other Forms of Infectious Arthritis (V. G. Balboni)	1037

PART X

MISCELLANEOUS CONDITIONS COMPLICATING OR
PRODUCING ARTHRITIS

EDITOR: EDWARD W. BOLAND, M.D.

64. Amyloidosis (E. Calkins and A. S. Cohen)	1067
65. Arthritis with Familial Mediterranean Fever (G. E. Ehrlich)	1080
66. Sarcoidosis (R. L. Black)	1086
67. Arthritis Associated with Disorders of Hemopoiesis and Blood Coagulation (G. P. Rodnan)	1093
68. Neuropathic Joint Disease (Charcot Joints) (G. P. Rodnan)	1109
69. Hypertrophic Osteoarthropathy and Developmental Connective Tissue Disorders (D. S. Howell)	1120
70. Tumors of Synovial Joints, Bursae and Tendon Sheaths (G. P. Rodnan)	1135

PART XI

REGIONAL DISORDERS OF JOINTS AND RELATED STRUCTURES

EDITOR: THEODORE A. POTTER, M.D.

71. Traumatic Arthritis and Allied Conditions (N. R. Abrams)	1151
72. Internal Derangement of the Knee Joint (P. D. Wilson, Jr.)	1174
73. Painful Feet (T. A. Potter and J. G. Kuhns)	1184
74. The Syndrome of Cervical Nerve Root Compression (R. Jackson)	1216
75. The Painful Shoulder (O. Steinbrocker)	1233
76. Dupuytren's Contracture (J. W. Sigler)	1275
77. Low Back Pain and Sciatica (P. D. Wilson, Jr.)	1282
