## SECTION I Basic Considerations

<b>Chapter 1</b>	
Introduction .....	1
<i>John F. Fairbairn II, John L. Juergens, and John A. Spittell, Jr.</i>	
<b>Chapter 2</b>	
Clinical Manifestations of Peripheral Vascular Disease .....	4
<i>John F. Fairbairn II</i>	
<b>Chapter 3</b>	
Approach to the Patient with Peripheral Vascular Disease .....	27
<i>John F. Fairbairn II</i>	
<b>Chapter 4</b>	
Normal Structure of the Vascular System and General Reactive Changes of the Arteries .....	45
<i>Jauw-Tjen Lie and Arnold L. Brown, Jr.</i>	
<b>Chapter 5</b>	
The Physiology of Blood Flow in the Limbs .....	63
<i>John T. Shepherd</i>	
<b>Chapter 6</b>	
Coagulation, Thrombosis, Anticoagulants, and Fibrinolysis .....	79
<i>John A. Spittell, Jr.</i>	

## Chapter 7

Angiography.....	110
------------------	-----

*Owings W. Kincaid, George D. Davis, Hillier L. Baker, Jr.,  
and W. Eugene Miller*

## SECTION II

## Degenerative Arteriopathies

## Chapter 8

Arteriosclerosis and Atherosclerosis.....	159
-------------------------------------------	-----

*Arnold L. Brown, Jr., and John L. Juergens*

## Chapter 9

Degenerative Arterial Diseases Other Than Arterio-Atherosclerosis.....	172
---------------------------------------------------------------------------	-----

*Arnold L. Brown, Jr., and John L. Juergens*

## Chapter 10

Arteriosclerosis Obliterans.....	179
----------------------------------	-----

(Peripheral Arteriosclerosis, Atherosclerosis  
of the Extremities, Atherosclerosis Obliterans)

*John L. Juergens and Philip E. Bernatz*

## Chapter 11

Occlusive Disease of Abdominal Visceral Arteries.....	216
-------------------------------------------------------	-----

*Philip J. Osmundson and Philip E. Bernatz*

## Chapter 12

Ischemic Cerebrovascular Disease.....	241
---------------------------------------	-----

(Focal Cerebral Ischemia)

*Jack P. Whisnant, Robert G. Siekert, and Clark H. Millikan*

## Chapter 13

Acute Arterial Occlusion.....	254
-------------------------------	-----

(Arterial Embolism and Acute Arterial Thrombosis)

*John F. Fairbairn II and Philip E. Bernatz*

## Chapter 14

Dissecting Aneurysm of the Aorta.....	271
---------------------------------------	-----

(Dissecting Hematoma, Aortic Dissection)

*John A. Mitchell, Jr., and Robert B. Wallace*

## Chapter 15

Aneurysms ..... 281

*John A. Spittell, Jr., and Robert B. Wallace*

## SECTION III

## Peripheral Vascular Diseases of Diverse Origin

## Chapter 16

Arteriovenous Fistulas ..... 303

*John F. Fairbairn II and Philip E. Bernatz*

## Chapter 17

Thromboangiitis Obliterans ..... 327  
(Buerger's Disease)*John L. Juergens*

## Chapter 18

Vasculitis ..... 351

*Sheldon G. Sheps*

## Chapter 19

Raynaud's Phenomenon and Allied  
Vasospastic Conditions ..... 387  
(Raynaud's Disease; Occupational, Post-traumatic,  
Neurogenic, and Other Vasospastic Conditions;  
Scleroderma; Cryoglobulinemia; Acrocyanosis  
and Livedo Reticularis)*John A. Spittell, Jr.*

## Chapter 20

Diseases of the Vascular System Related  
to Environmental Temperature ..... 421*John A. Spittell, Jr.*

## Chapter 21

Trauma and Peripheral Vascular Disease ..... 440

*John L. Juergens and James R. Pluth*

## Chapter 22

Neurovascular Compression Syndromes  
of the Thoracic Outlet ..... 459

<b>Chapter 23</b>	
Vascular Diseases of the Skin .....	476
<i>R. K. Winkelmann</i>	
<b>Chapter 24</b>	
Tumors of Blood and Lymph Vessels .....	497
<i>John A. Spittell, Jr.</i>	
<b>Chapter 25</b>	
Coarctation of the Aorta .....	521
<i>John A. Spittell, Jr., and Dwight C. McGoon</i>	

## SECTION IV

## Venous and Lymphatic Diseases

<b>Chapter 26</b>	
Obstructive Diseases of Veins .....	549
<i>John L. Juergens and W. Spencer Payne</i>	
<b>Chapter 27</b>	
Pulmonary Embolism .....	583
<i>John A. Spittell, Jr., and Dwight C. McGoon</i>	
<b>Chapter 28</b>	
Varicose Veins .....	601
<i>Karl A. Lofgren</i>	
<b>Chapter 29</b>	
Chronic Venous Insufficiency .....	623
(Postphlebotic Syndrome, Stasis Edema, Stasis Dermatitis, Stasis Ulcer, and Stasis Induration)	
<i>John L. Juergens and Karl A. Lofgren</i>	
<b>Chapter 30</b>	
Lymphedema .....	635
<i>Alexander Schirger and Lowell F. A. Peterson</i>	

## SECTION V

### Principles of Management

<b>Chapter 31</b>	
Principles of Medical Treatment.....	657
<i>John F. Fairbairn II</i>	
 <b>Chapter 32</b>	
Principles in Arterial and Venous Surgery .....	677
<i>F. Henry Ellis, Jr.</i>	
 <b>Chapter 33</b>	
Surgical Procedures on the Sympathetic Nervous System for Peripheral Vascular Disease.....	687
<i>Collin S. MacCarty</i>	
 <b>Chapter 34</b>	
Injection of Local Anesthetic Agents and Alcohol Into Ganglia of Sympathetic Nerves to the Extremities.....	698
<i>Robert R. Jones and Thomas H. Seldon</i>	
 <b>Chapter 35</b>	
Orthopedic Principles of Amputation, Rehabilitation, and Skin Grafting in Occlusive Arterial Disease .....	707
<i>Patrick J. Kelly</i>	
 <b>Chapter 36</b>	
Podiatry in Peripheral Vascular Diseases.....	713
<i>Edward L. Tarara</i>
