<i>Introduction</i>	1
UNIT I ESOPHAGEAL DISORDERS	
1 General Considerations	10
Clinical Anatomy	10
Physiologic Considerations	10
Symptoms	15
Diagnostic Techniques	18
2 Congenital Lesions	28
Tracheoesophageal Fistula and Esophageal Atresia	28
Compression by Anomalous Blood Vessels	30
Chalasia	31
Duplication of the Esophagus	33
3 Infections	34
Viral Esophagitis	34
Syphilitic Esophagitis	35

Monilial Esophagitis	35
4 Motor Abnormalities	37
Diffuse Spasm of the Esophagus	37
Localized Spasm of the Esophagus	46
Achalasia	47
Neurologic Disorders of Swallowing	56
5 Primarily Structural Disorders	59
Extrinsic Pressure on the Esophagus	59
Diverticulum of the Esophagus	60
Hiatus Hernia	62
Traumatic Diaphragmatic Hernia	73
Heartburn in Pregnancy	74
Lower Esophageal Ring	75
Pressure Rupture of the Esophagus (Boerhaave's Syndrome)	79
Retching Erosions (Mallory-Weiss Syndrome)	80
Esophageal Perforation	81
Foreign Bodies in the Esophagus	82
6 Inflammatory Disorders	86
Plummer-Vinson Syndrome	86
Peptic Esophagitis and Stenosis	88
Lower Esophagus Lined by Columnar Epithelium (Barrett's Esophagus)	99
Unusual Inflammatory Disorders of the Esophagus	101
7 Tumors	105
Benign Tumors of the Esophagus	105
Carcinoma of the Esophagus	106
Other Malignancies of the Esophagus	116
Acquired Tracheoesophageal Fistula	117
UNIT II GASTRIC DISORDERS	
8 General Considerations	122
Clinical Anatomy	122
Physiologic Considerations	124
Symptoms	126
Diagnostic Techniques	127
9 Congenital Lesions	143
Infantile Hypertrophic Pyloric Stenosis	143

Adult Hypertrophic Pyloric Stenosis	144
Duplication of the Stomach	147
Web or Diaphragm of the Stomach	147
10 Infections	149
Acute Infections	149
Chronic Infections	149
11 Primarily Structural Disorders	151
Gastric Diverticulum	151
Prolapse of the Gastric Mucosa	153
Acute Gastric Dilatation	153
Volvulus of the Stomach	154
Rupture of the Stomach	154
12 Inflammatory Disorders	155
Gastritis	155
Acute Erosive Gastritis	163
Acute Corrosive Gastritis	168
Hypertrophic Gastritis	169
Menetrier's Disease	171
Gastric Lymphoid Hyperplasia (Pseudolymphoma)	174
Eosinophilic Gastritis and Enteritis	176
Granulomatous Gastritis	177
13 Tumors	180
Gastric Polyps	180
Multiple Polyposis of the Stomach	182
Special Varieties of Gastric Polyps	185
Gastric Cancer	187
Superficial Spreading Carcinoma of the Stomach	203
Metastases to the Stomach from Extragastric Carcinoma	205
Lymphoma of the Stomach	205
Rare Tumors of the Stomach	209
UNIT III PEPTIC ULCER	
14 Duodenal Ulcer	214
15 Gastric Ulcer	248
16 Complications	259
Bleeding	259
Obstruction	271

Perforation	274
Intractability	277
Posterior Penetration	280
Milk-Alkali Syndrome	282
Irradiation for Duodenal Ulcer	284
17 Special Aspects	286
Giant Duodenal Ulcer	286
Peptic Ulcer in or near the Pylorus	287
Postbulbar Duodenal Ulcer	287
Combined Gastric and Duodenal Ulcers	288
Childhood Peptic Ulcer	289
Duodenal Ulcer in the Aged	291
18 Ulcer with Other Diseases	292
Stress Ulcer	292
Steroid Ulcer	294
Peptic Ulcer in Chronic Pulmonary Disease	296
Parathyroids and the Stomach	296
Ulcerogenic Tumor of the Pancreas (Zollinger- Ellison Syndrome)	297
Multiple Endocrine Adenoma Syndrome	304
19 Postgastrectomy Syndromes	306
Immediate Postoperative Complaints	306
Mechanical Problems after Gastrectomy	309
Metabolic Problems after Gastrectomy	316
Other Problems after Gastrectomy	321
UNIT IV SMALL INTESTINAL DISORDERS	
20 General Considerations	328
Clinical Anatomy	328
Physiologic Considerations	328
Symptoms	336
Diagnostic Techniques	336
21 Congenital Lesions	340
Duodenal and Small Bowel Atresia and Stenosis	340
Congenital Abnormalities of the Duodenum in the Adult	340
Anomalies of Intestinal Rotation and Their Complications	342
Duplication of the Small Intestine	344
Meckel's Diverticulum	345

22 Motor Abnormalities	348
Intestinal Obstruction	348
Intussusception	353
Volvulus of the Small Intestine	356
23 Primarily Structural Disorders	358
Intramural Hematoma of the Duodenum	358
Foreign Bodies in the Gut	359
Hyperplasia of Brunner's Glands	359
Duodenal Diverticula	361
Small Bowel Diverticula	361
Mesenteric Vascular Occlusion	366
Abdominal Aortic Aneurysm	378
Anaphylactoid Purpura	380
Primary Ulcerations of the Small Intestine	382
Short Bowel Syndrome	383
Primary Enteroliths	388
24 Inflammatory Disorders Other Than Regional Enteritis	392
Duodenitis	392
Acute Appendicitis	393
Pseudomembranous Enterocolitis	397
Giardiasis	399
Lymphoid Hyperplasia of the Terminal Ileum	399
25 Regional Enteritis	402
26 Carbohydrate Intolerance	425
27 Celiac Disease	431
28 Other Steatorrheas	465
Tropical Sprue	465
Temperate Sprue	471
Intestinal Lipodystrophy (Whipple's Disease)	471
Lymphoma	476
Obscure Causes of Malabsorption	477
A-Beta-Lipoproteinemia	480
Disorders of Amino Acid Transport	480
Gastrointestinal Syndromes Associated with Abnormalities of Serum Proteins	481
Anorexia Nervosa	486
29 Tumors	492
Benign Tumors	492

Special Varieties of Small Bowel Tumors	493
Malignant Tumors	495
Polyposis of the Intestines with Mucocutaneous Pigmentation (Peutz-Jeghers Syndrome)	499
Carcinoid Syndrome	500
Mucocele of the Appendix and Pseudomyxoma Peritonei	505
Tumors of the Appendix	506

UNIT V LOWER BOWEL DISORDERS

30 General Considerations	512
Clinical Anatomy	512
Physiologic Considerations	513
Symptoms	514
Diagnostic Techniques	516
31 Congenital Lesions	519
Atresia and Stenosis	519
Congenital Megacolon (Hirschsprung's Disease)	519
32 Infections	525
"Food Poisoning"	525
Amebiasis	527
Ileocecal Tuberculosis	530
Malakoplakia	532
Squamous Metaplasia of the Rectum	532
33 Motor Abnormalities	534
The Irritable Bowel	534
Constipation in the Child	541
Cathartic Colon	543
Gastrointestinal Gas	543
Proctalgia Fugax	544
Melanosis Coli	545
Unusual Causes of Diarrhea	546
34 Structural Disorders	548
Diverticulosis	548
Endometriosis	560
Volvulus of the Colon	563
Intestinal Gas Cysts (Pneumatosis Cystoides Intestinalis)	566
Colitis Cystica Profunda	567

35 Inflammatory Disorders Other Than Ulcerative Colitis	569
Milk-Induced Protein Allergy	569
Radiation Damage to the Gut	570
36 Ulcerative Colitis	575
37 Crohn's Colitis (Granulomatous Colitis)	621
38 Complications of Colitis	644
Colonic Complications	644
Extracolonic Complications	657
39 Tumors	667
Colonic Adenoma	667
Colonic Polyps in Childhood	679
Multiple Lymphomatous Polyps of the Gut	681
Benign Lymphoma of the Sigmoid	681
Villous Adenoma of the Colon	682
Familial Polyposis of the Colon	685
Colonic Polyposis with Bone and Skin Tumors (Gardner's Syndrome)	689
Carcinoma of the Colon and Rectum	691
40 Disorders of the Anus	707
Pruritus Ani	709
Anal Fissure	710
External and Internal Hemorrhoids	711
Cryptitis and Papillitis	713
Anorectal Fistula	713
Epidermoid Carcinoma of the Anus	713
Other Carcinomas of the Anal Area	714

UNIT VI GALLBLADDER AND BILIARY DUCT DISORDERS

41 General Considerations	718
Clinical Anatomy	718
Physiologic Considerations	718
Symptoms	719
Diagnostic Techniques	721
42 Congenital Lesions of the Biliary Tract	729
Biliary Tract Anomalies	729
Congenital Biliary Aplasia and Hypoplasia	729

	Choledochal Cyst	732
43	Structural Disorders	734
	Cholelithiasis	734
	Spontaneous Internal Biliary Fistula	741
	Traumatic Hemobilia	744
44	Inflammatory Disorders	746
	Acute Cholecystitis	746
	Acute Emphysematous Cholecystitis	754
	Chronic Cholecystitis	755
	Primary Sclerosing Cholangitis	756
45	Postcholecystectomy Syndrome	759
	General Diagnostic Considerations	759
	Common Duct Stones	761
	Stricture of the Extrahepatic Bile Ducts	767
	Stenosis of the Sphincter of Oddi	770
	Cystic Duct Stump	771
	Biliary Dyskinesia	772
46	Tumors	774
	Fixed Filling Defects in the Gallbladder	774
	Carcinoma of the Gallbladder	776
	Benign Tumors of the Hepatic and Cystic Ducts	779
	Carcinoma of the Extrahepatic Bile Duct	779
	Carcinoma of the Papilla of Vater	781

UNIT VII PANCREATIC DISORDERS

47	General Considerations	788
	Clinical Anatomy	788
	Physiologic Considerations	789
	Symptoms	790
	Diagnostic Techniques	791
48	Congenital Lesions	798
	Annular Pancreas	798
	Aberrant Pancreatic Tissue	799
	Cystic Fibrosis	800
49	Primarily Structural Disorders	808
	Pancreatic Infarcts	808

Abdominal Trauma	808
50 Inflammatory Disorders	811
Acute Pancreatitis	811
Special Varieties of Pancreatitis	825
51 Protracted and Chronic Pancreatitis	830
Elevation of Serum Amylase Level	830
Protracted Pancreatitis	831
Chronic Pancreatitis	834
52 Tumors	848
Benign Tumors of the Pancreas: Noninflammatory Cysts	848
Islet Cell Tumors of the Pancreas	850
Cancer of the Pancreas	852
UNIT VIII HEPATIC DISORDERS	
53 General Considerations	864
Clinical Anatomy	864
Diagnostic Techniques	864
Approach to the Jaundiced Patient	873
54 Primarily Structural Disorders	878
The Fatty Liver	878
Vascular Disease in and about the Liver	882
Granulomas in the Liver	885
Cysts in the Liver	887
55 Cholestatic Lesions	888
Intrahepatic Cholestasis	888
Congenital Hyperbilirubinemias	891
Benign Recurrent Intrahepatic Cholestasis	892
Recurrent Cholestatic Jaundice of Pregnancy	893
An Unusual Form of Postoperative Jaundice	894
56 Metabolic Disorders	896
Hemochromatosis	896
Hepatolenticular Degeneration (Wilson's Disease)	899
57 Inflammatory Disorders	901
Infectious Hepatitis	901

Leptospirosis (Weil's Disease)	914
Abscesses in and about the Liver	914
58 Cirrhosis of the Liver	921
Portal Hypertension	932
Ascites in Liver Disease	949
Hepatic Coma	951
Other Neuropsychiatric Syndromes in Chronic Liver Disease	954
Primary Biliary Cirrhosis	954
Cirrhosis Secondary to Biliary Duct Obstruction	958
59 Tumors	962
Primary Tumor of the Liver	962
Metastases to the Liver	964
Liver Involvement in Lymphoproliferative Disorders	965
UNIT IX MISCELLANEOUS CONSIDERATIONS	
60 A Few Other Disorders of the Gastrointestinal Tract	970
Some Disorders of the Diaphragm	970
Some Peritoneal Disorders	972
Some Generalized Diseases That Affect the Gastro- intestinal Tract	974
The Effect of Some Reticuloses on the Gastrointestinal Tract	979
Recurrent Gastrointestinal Bleeding of Obscure Origin	980
<i>Appendix</i> DIETARY INSTRUCTIONS FOR GASTROENTEROLOGIC DISORDERS	
Bland Diet Regimen	983
Restricted-Fiber Diet Regimen	987
Lactose-Free Diet	988
Controlled-Lactose Diet	990
Gluten-Free Diet	990
High-Protein, High-Fat, Low-Carbohydrate	992
<i>Index</i>	995
