

# CONTENTS

## VOLUME III

### Chapter 13

<b>RENAL CYSTS</b> .....	1369
Simple Cysts .....	1371
The Problem of Management .....	1405
Polycystic Renal Disease .....	1410
Infantile Polycystic Disease .....	1410
Adult Type Polycystic Disease .....	1414
Renal Dysplasia .....	1427
Multicystic Renal Dysplasia .....	1430
Cystic Dysplasia Associated With Obstruction of Lower Urinary Tract.....	1435
Multilocular Cysts .....	1437
Medullary Cystic Diseases .....	1441
Medullary Sponge Kidney (Renal Tubular Ectasia).....	1441
Uremic Medullary Cystic Disease.....	1451
Pyelogenic Cysts.....	1453
Pararenal Pseudocysts (Urinomas).....	1455
References .....	1463

### Chapter 14

<b>TUMORS OF THE GENITOURINARY TRACT</b> .....	1467
Tumors of the Kidney, Renal Pelvis, and Ureter .....	1467
Benign Tumors of the Renal Cortex (Parenchyma).....	1468
Malignant Tumors of the Renal Cortex (Parenchyma).....	1486
Tumors of the Renal Pelvis and Ureter .....	1554
Benign Tumors .....	1554
Malignant Epithelial Tumors (Transitional Cell Epithelioma; Transitional Cell Carcinoma; Squamous Cell Epithelioma; Squamous Cell Carcinoma; Epidermoid Carcinoma).....	1560
Retroperitoneal Tumors and Cysts .....	1589
Tumors and Cysts of Mesodermal Origin .....	1589
Tumors of Neurogenic Origin .....	1606
Tumors Arising From Embryonic Remnants.....	1608
Presacral Tumors (Middeldorpf Tumors; Retrorectal Tumors).....	1610

Malignant Tumors of the Bladder.....	1618
Epithelial Tumors: Transitional Cell Epithelioma (Transitional Cell Carcinoma) and Squamous Cell Epithelioma (Squamous Cell Carcinoma); Epidermoid Carcinoma).....	1618
Nonepithelial Tumors.....	1639
Metastatic Tumors of the Bladder .....	1639
Benign Tumors of the Bladder.....	1641
Tumors of the Urethra .....	1643
Tumors of the Male Urethra.....	1643
Tumors of the Female Urethra.....	1646
Tumors of the Seminal Vesicles.....	1646
Tumors of the Prostate.....	1648
Tumors of the Testes .....	1650
Tumors of the Genitourinary Tract in Children .....	1652
Tumors of the Upper Urinary Tract.....	1652
<i>by Panayotis P. Kelalis</i>	
Tumors of the Lower Urinary Tract.....	1688
<i>by Panayotis P. Kelalis</i>	
Tumors of the Adrenal Gland in Adults .....	1700
<i>by Robert R. Hattery, Patrick F. Sheedy, II, and     Glen W. Hartman</i>	
Anatomy of Adrenal Gland.....	1700
Classification of Adrenal Tumors.....	1700
Tumors of the Adrenal Medulla.....	1704
Tumors of the Adrenal Cortex.....	1706
Radiographic Visualization of Adrenal Tumors .....	1709
Sonographic Evaluation of Adrenal Tumors.....	1750
Computerized Tomography (CT) in Evaluation of Adrenal Tumors .....	1750
Adrenal Scintigraphy .....	1750
References .....	1753

## Chapter 15

<b>TRAUMA TO THE URINARY SYSTEM; URINARY FISTULAS.....</b>	<b>1767</b>
Trauma .....	1767
Injury to the Kidney .....	1767
Injury to the Ureter.....	1822
Injury to the Bladder and the Posterior Urethra.....	1827
Fistulas of the Urinary Tract.....	1840
Fistulas Involving the Kidney.....	1842
Fistulas Involving the Ureter.....	1847
Fistulas Involving the Bladder.....	1848
Fistulas Involving the Urethra.....	1849
Urinary-Vaginal Fistulas (Vesicovaginal; Ureterovaginal; Urethrovaginal).....	1854
References .....	1861

## Chapter 16

<b>RENAL FAILURE AND RENAL PARENCHYMAL DISEASE .....</b>	<b>1865</b>
<i>by Robert R. Hattery, Leonard A. Brennan, Jr., and     Glen W. Hartman</i>	

SECTION I: RENAL FAILURE .....	1865
Acute Renal Failure .....	1865
Oliguric Phase of Acute Renal Failure.....	1866
Diuretic Phase of Acute Renal Failure.....	1866
Recovery Phase of Acute Renal Failure .....	1867
Chronic Renal Failure .....	1867
Radiographic Findings in Renal Failure .....	1868
Risks of Excretory Urography in Renal Failure.....	1868
The Excretory Urogram in Renal Failure .....	1871
The Renal Angiogram in Renal Failure.....	1889
SECTION II: RENAL PARENCHYMAL DISEASES .....	1901
General Considerations.....	1901
Glomerular Diseases .....	1901
Glomerulonephritis .....	1901
Radiographic Findings in Renal Glomerular Disease .....	1903
Diabetes Mellitus.....	1910
Amyloidosis.....	1913
Nephrotic Syndrome.....	1925
Tubulointerstitial Diseases.....	1926
Renal Papillary Necrosis .....	1928
S Hemoglobinopathy .....	1944
Nephrosclerosis and Renal Ischemia .....	1946
Scleroderma (Primary Systemic Sclerosis).....	1953
Uric Acid Nephropathy .....	1955
Multiple Myeloma.....	1957
Sarcoidosis .....	1960
Radiation Nephritis .....	1962
Renal Cortical Necrosis.....	1965
References .....	1971

Chapter 17

<b>RENOVASCULAR HYPERTENSION AND RENAL VASCULAR DISEASE .....</b>	<b>1979</b>
SECTION I: RENOVASCULAR HYPERTENSION.....	1979
<i>by David S. Colville, Patrick F. Sheedy, II, and Cameron G. Strong</i>	
Basic Concepts .....	1979
Incidence of Renovascular Hypertension.....	1981
Diagnosis of Renovascular Hypertension .....	1981
Diagnostic Significance of Findings .....	1982
Excretory Urography .....	1984
Isotope Renography.....	1988
Combination of Excretory Urography and Isotope Renography .....	1989
Separated Renal Function Study.....	1990
Renal Vein Renin Activity.....	1991
Aortorenal Aortography.....	1992
Renovascular Lesions That May Cause Hypertension.....	1993
Atherosclerosis.....	1993
Fibromuscular Dysplasia.....	1995
Management of Renovascular Hypertension.....	2001

SECTION II: MISCELLANEOUS VASCULAR LESIONS AFFECTING THE URINARY TRACT.....	2002
<i>by David C. Utz and Richard E. Fulton</i>	
Pertinent Anatomy .....	2002
Embryologic Considerations.....	2002
Distribution of Vessels to Renal Parenchyma .....	2002
Aneurysms of the Renal Artery .....	2003
Classification .....	2004
Etiologic Factors.....	2011
Clinical Features.....	2011
Roentgen Diagnosis.....	2011
Treatment .....	2012
Renal Arteriovenous Fistula .....	2012
Etiology .....	2012
Clinical Signs .....	2016
Roentgen Diagnosis.....	2017
Treatment .....	2018
Acute Occlusion of the Renal Artery.....	2018
Etiologic Factors; Emboli Versus Thrombosis .....	2018
Clinical Manifestations .....	2018
Roentgen Findings.....	2018
Treatment .....	2024
Thrombosis of the Renal Vein .....	2024
Renal Vein Thrombosis in Infants and Children .....	2024
Renal Vein Thrombosis in Adults.....	2025
Roentgen Diagnosis.....	2026
Polyarteritis Nodosa .....	2028
Aneurysms of the Abdominal Aorta and Iliac Arteries:	
Arteriovenous Fistulas of Iliac and Hypogastric Vessels .....	2029
Miscellaneous Arteritides.....	2033
Primary Arteritis of the Aorta (Middle Aortic Syndrome, Takayasu's Syndrome, Panarthritis, Pulseless Disease).....	2033
Renal Arteritis Associated With Excision of Pheochromocytoma .....	2035
Primary Renal Arteritis, Immunologically Mediated .....	2035
Primary Renal Arteritis, Drug Induced .....	2036
Syphilitic Arteritis.....	2036
Thromboangiitis Obliterans (Buerger's Disease) .....	2036
Neurofibromatosis .....	2038
Vascular Lesions Affecting the Ureter.....	2040
References .....	2045
 Chapter 18	
<b>RENAL TRANSPLANTATION AND URINARY DIVERSION.....</b>	<b>2051</b>
SECTION I: RENAL TRANSPLANTATION.....	2051
<i>by Russell K. Lawson and Michel A. Boileau</i>	
Introduction .....	2051
Evaluation of Renal Allograft Function.....	2052
Arteriography.....	2052
Radioisotope Scanning.....	2057
Ultrasound .....	2062

Urologic Complications of Renal Transplantation.....	2064
Ureteral Leaks .....	2067
Ureteral Obstruction.....	2068
Bladder Leaks.....	2069
<b>SECTION II: URINARY DIVERSION.....</b>	<b>2073</b>
<i>by James H. DeWeerd</i>	
Urinary Diversion at the Urethral Level .....	2073
Urinary Diversion at the Bladder Level.....	2074
Suprapubic Cystostomy.....	2074
Cutaneous Vesicostomy .....	2074
Ileocystostomy .....	2074
Cystorectostomy.....	2076
Urinary Diversion at the Ureteral Level .....	2076
Cutaneous Ureterostomy.....	2076
Transureteroureterostomy .....	2080
Transureteroureterostomy and Cutaneous Ureterostomy ...	2083
Ureterocolic Anastomoses .....	2084
Ureterosigmoidostomy .....	2086
Ureterorectostomy.....	2093
Ureterosigmoidostomy With Cutaneous Sigmoid Colostomy .....	2093
Ureterorectostomy With Perineal Sigmoidostomy (Heitz-Boyer Diversion).....	2095
Sigmoid Conduit (Urinary Sigmoidostomy) .....	2095
Ureterocecostomy (Cecal Bladder) .....	2098
Ureterointestinal Anastomoses .....	2098
Ileal Conduit (Ureteroileostomy and Urinary Ileostomy).....	2098
Pelvioileostomy .....	2108
Ureteroileoneocystostomy or Pelvioileoneocystostomy (Ureteral Replacement).....	2108
Ileopyelostomy .....	2116
Urinary Diversion at the Renal Level.....	2116
Nephrostomy .....	2116
Pyelocutaneous Sinus .....	2125
References .....	2127

## Chapter 19

<b>GYNECOLOGIC PROBLEMS RELATED TO THE URINARY TRACT.....</b>	<b>2130</b>
<i>by Harry W. ten Cate</i>	
Urinary Infection .....	2131
Postcoital Distress .....	2134
Tuberculosis; Anaerobic Infections .....	2134
Nephroptosis .....	2135
Urethral Stenosis.....	2136
Diverticulum of Female Urethra.....	2138
Interstitial Cystitis (Hunner's Ulcer).....	2142
Pyeloureterectasis in Pregnancy.....	2144
Pyelonephritis of Pregnancy.....	2147
Right Ovarian Vein Syndrome .....	2149
Urinary Incontinence.....	2155

Urinary Stress Incontinence .....	2156
Detrusor Instability .....	2156
Differential Diagnosis Between Stress Incontinence and Urge Incontinence .....	2156
Cystocele and Procidencia .....	2163
Acquired Urinary Fistula .....	2167
Ectopic Ureteral Orifice .....	2177
Fusion of Labial Folds.....	2177
Hematocolpos and Hydrocolpos Causing Urinary Obstruction .....	2177
Endometriosis of the Urinary Tract .....	2181
Endometriosis of the Bladder .....	2182
Endometriosis of the Ureter .....	2182
Endometriosis of the Kidney .....	2184
Tumors of the Female Genitalia Involving the Urinary Tract.....	2185
Benign Tumors .....	2185
Ovarian Cysts .....	2191
Malignant Tumors .....	2193
Inflammatory Lesions .....	2199
References .....	2201

## Chapter 20

<b>MISCELLANEOUS DISORDERS.....</b>	<b>2205</b>
Retroperitoneal Fibrosis.....	2205
Chyluria.....	2220
Hernia of the Bladder and Ureters .....	2228
Pelvic Lipomatosis .....	2233
Leukoplakia of the Urinary Tract .....	2239
Leukoplakia of the Renal Pelvis.....	2240
Leukoplakia of the Ureter .....	2246
Leukoplakia of the Bladder .....	2246
Leukoplakia of the Urethra.....	2247
References .....	2247

<b>INDEX .....</b>	<b>i</b>
--------------------	----------
