

# CONTENTS

- 1** Introduction, 1  
**Jack Hartstein**
- 2** Contact lenses as biomedical polymers: polymer physics and structure-properties evaluation as related to the development of new materials, 6  
**Nikolaos A. Peppas**
- 3** Permalens extended wear contact lenses, 44  
**Richard G. Lembach and Richard H. Keates**
- 4** Sauflon contact lenses for extended wear, 78  
**Anthony B. Nesburn and Ezra Maguen**
- 5** Hydrocurve soft contact lenses for extended wear, 103  
**Gerald L. Feldman**
- 6** The use of CSI (crofilcon A) contact lenses in aphakic extended wear, 138  
**James M. Gordon and Donald R. Korb**
- 7** The Softcon (vifilcon A) hydrophilic contact lens for extended wear in ocular disease and aphakia, 161  
**Melvin I. Freeman**
- 8** Canadian experience with the TC 75 lens for extended wear, 174  
**Harold A. Stein and Keith W. Harrison**
- 9** Silsoft (elastofilcon A) silicone elastomer lenses for extended wear, 197  
**John F. Morgan**
