

## TABLE OF CONTENTS

Preface	v
---------	---

### PART I - DIAGNOSTIC TESTS

Procedures	3
Obtaining Blood	3
Bone Marrow Aspiration	4
Suprapubic Aspiration of Urine	5
Typanocentesis	6
Paracentesis	6
Thoracentesis	7
Venous Cutdown	8
Exchange Transfusion	8
Umbilical Artery Catheterization	10
Percutaneous Catheterization of	
Radial Artery	11
Chest Tube Placement in the Neonate	12
Endotracheal Intubation	12
Sweat Electrolyte Test	13
Hematology	15
Routine Hematology	15
Clotting Studies	16
Plasma Proteins in Hematologic Evaluation	17
Miscellaneous Hematologic Studies	19
Blood Component Replacement Guidelines	22
Nephrology	24
Routine Urinalysis	24
Miscellaneous Urinalysis	25
Renal Function Tests	27
Peritoneal Dialysis	30
Cerebrospinal Fluid	33
Synovial Fluid	35
Microbiological Examinations	37
Stool Examination	39
Metabolic Tests	43
Oral Glucose Tolerance Test	43
Screening Tests for Genetic and	
Metabolic Diseases	44
Tests of Gastrointestinal Function	49

Cardiology . . . . .	54
Cardiac Cycle . . . . .	54
Electrocardiography . . . . .	54
Disorders of Conduction and Rhythm . . . . .	61
X-Ray Contour of the Heart . . . . .	67
Drug Effects . . . . .	68
Electrolyte Disturbances . . . . .	68
Echocardiography . . . . .	69
Glossary of Selected Cardiac Surgical Procedures and Shunts . . . . .	71
Prophylaxis Against Bacterial Endocarditis . . . . .	74
Endocrinology . . . . .	76
Developmental Evaluation . . . . .	92
Radiologic Procedures . . . . .	103
<u>PART II - FORMULARY</u>	
Drug Index . . . . .	111
Drug Doses . . . . .	116
Cancer Chemotherapeutic Agents . . . . .	174
Digitalis Preparations . . . . .	177
Intravenous Antiarrhythmia Drugs . . . . .	179
Emergency Management of Hypoxic Spells in Cyanotic Heart Disease . . . . .	181
Anticonvulsants for Status Epilepticus . . . . .	182
Some Common Oral Theophylline Preparations . . . . .	183
Insulin . . . . .	184
Glucocorticosteroids . . . . .	186
Use of Drugs in Renal Failure . . . . .	188
Guide for Preoperative Medication . . . . .	194
Sedative Cocktail . . . . .	194
Drugs for Intubation . . . . .	194
Drugs and Chemicals to be Avoided in G6PD Deficiency . . . . .	195
Maternal Medications and Breastfeeding . . . . .	196

## PART III - THERAPEUTIC DATA

Fluid and Electrolyte Therapy . . . . .	200
General Considerations . . . . .	200
Calculation of Maintenance Requirements . . . . .	201
Deficit Therapy . . . . .	203
Replacement of Concurrent Losses . . . . .	204
Water Requirements for Premature Infants . . . . .	204
Hyponatremia . . . . .	205
Anion Gap . . . . .	206
Composition of Oral Solutions . . . . .	207
Composition of Parenteral Fluids . . . . .	208
Poisoning . . . . .	209
The Unknown Poison: Signs and Symptoms . . . . .	209
Prevention of Systemic Absorption . . . . .	213
Specific Poisonings . . . . .	214
Burns . . . . .	225
Initial Evaluation . . . . .	225
Triage . . . . .	225
Fluid Resuscitation . . . . .	225
Other Measures . . . . .	227
Perinatology . . . . .	229
Assessment of Fetal Maturity . . . . .	229
Assessment of Fetal Well-Being	
Before Labor . . . . .	230
Assessment of Fetal Well-Being	
During Labor . . . . .	233
Apgar Scoring . . . . .	233
Dubowitz Scoring . . . . .	234
Neonatal Hyperbilirubinemia . . . . .	239
Premature Blood Pressure . . . . .	240
Umbilical Vessel Catheterization . . . . .	241
Head Circumference . . . . .	242
Intrauterine Growth Charts . . . . .	243
Premature Growth Chart . . . . .	245
Respiratory Care and Pulmonary Function . . . . .	246
Guide to Respiratory Care . . . . .	246
Estimation of Nasotracheal Tube Length . . . . .	247
Estimation of Endotracheal Tube Size . . . . .	247
Blood Gas Measurements . . . . .	248
Bronchopulmonary Segments . . . . .	249
Shunt at Different Oxygen Mixtures . . . . .	250
FVC: Normal Values . . . . .	251
FEV <sub>1</sub> : Normal Values . . . . .	252
PEFR: Normal Values . . . . .	253
WVFR: Normal Values . . . . .	254
Lung Volumes . . . . .	255
Henderson-Hasselbach Nomogram . . . . .	256
Interpretation of Pulmonary Function Tests . . . . .	257

Infectious Diseases . . . . .	258
Active Immunization . . . . .	258
Passive Immunization . . . . .	264
Incubation and Isolation Periods . . . . .	267
Isolation Techniques . . . . .	269
Ketogenic Diet . . . . .	270

PART IV - REFERENCE DATA

Growth and Development . . . . .	274
Normal Measurements by Age . . . . .	274
Growth Charts . . . . .	277
Head Circumference . . . . .	281
Surface Area Nomogram . . . . .	283
Bone Age . . . . .	284
Dental Development . . . . .	288
Blood Pressure Percentiles . . . . .	289
Nutrition . . . . .	291
Recommended Dietary Allowances . . . . .	291
Composition of Infant Formulas . . . . .	292
Ingredients of Infant Formulas . . . . .	294
Tube Feedings and Supplemental Feedings . . . . .	296
Guide for Introduction of Solids in Infancy . . . . .	298
Normal Laboratory Values . . . . .	300
Blood Chemistries . . . . .	300
Serology . . . . .	306
Immunoglobulins . . . . .	307
Cerebrospinal Fluid . . . . .	309
Hematology . . . . .	310
McLean-Hastings Nomogram . . . . .	312
Total Serum Proteins vs. Total Serum Solids . . . . .	313
Conversion Formulas and Tables . . . . .	314
Conversion Formulas . . . . .	314
Temperature Equivalents . . . . .	314
Conversion of Pounds and Ounces to Grams . . . . .	315
Spinal Dermatomes . . . . .	316
Index . . . . .	319
