
CONTENTS

- Preface, vii
- 1 The Development and Structure of the Respiratory Tract, 1
- 2 Functions of the Respiratory Tract, 28
- 3 Epidemiology and Respiratory Disease, 76
- 4 Lung Defences and Immunology, 95
- 5 The Clinical Manifestations of Respiratory Disease, 104
- 6 Some Problems in Radiological Diagnosis, 122
- 7 Diagnostic Procedures, 142
- 8 Drugs used in Respiratory Disease, 192
- 9 Acute Infections of the Upper Respiratory Tract, Trachea and Bronchi, 270
- 10 Pneumonia, 285
- 11 Empyema Thoracis, 346
- 12 Lung Abscess, 357
- 13 The Pathogenesis, Epidemiology and Prevention of Tuberculosis, 367
- 14 Clinical Features of Tuberculosis, 395
- 15 The Treatment of Tuberculosis, 423
- 16 Pulmonary Disease Caused by Opportunistic Mycobacteria, 439
- 17 Fungal and Actinomycotic Diseases, 448
- 18 Parasitic Diseases of the Lung, 476
- 19 Chronic Bronchitis and Emphysema, 490
- 20 Respiratory Failure, 526
- 21 Pulmonary Embolism, 539
- 22 Pulmonary Hypertension, 567
- 23 Pulmonary Oedema and the Adult Respiratory Distress Syndrome, 584
- 24 Bronchiectasis, 601
- 25 Sarcoidosis, 630
- 26 Asthma, 660
- 27 Hypersensitivity Pneumonitis, 715
- 28 Pulmonary Eosinophilia, 734
- 29 Pulmonary Angiitis and Granulomatosis, 748
- 30 Pneumothorax, 761
- 31 Cystic Fibrosis, 784
- 32 Occupational Lung Diseases, 798
- 33 Drug-induced Lung Disease, 849
- 34 Lung Disease in the Immunocompromised Patient, 868

vi / CONTENTS

- 35 Cancer of the Lung, 912
- 36 Other Pulmonary Neoplasms and Related Conditions, 975
- 37 Cryptogenic Fibrosing Alveolitis, 1004
- 38 Pulmonary Manifestations of Systemic Disease, 1018
- 39 Some Less Common Lung Diseases, 1043
- 40 Developmental Disorders of the Lungs, 1062
- 41 Diseases of the Pleura, 1083
- 42 Diseases of the Mediastinum, 1113
- 43 Diseases of the Chest Wall, 1146
- 44 Abnormalities and Diseases of the Diaphragm, 1165
- 45 Terminal care in Respiratory Disease, 1180
- Index, 1188
