VOLUME 2

PART IV Abdomen

SECTION FOUR

- 43. THE STOMACH AND DUODENUM** 659
Congenital Prepyloric Atresia, 659. Spontaneous Perforation of the Stomach in the Newborn, 661. Duodenal Obstruction: Atresia, Stenosis and Annular Pancreas, 663. Congenital Pyloric Stenosis, 670. Peptic Ulcerations, 675. Foreign Bodies of the Gastrointestinal Tract, 678. Malrotation of the Intestine, 683. Gastric Neoplasms, 691.
- 44. DUPLICATIONS OF THE ALIMENTARY CANAL** 692
Duplications of the Stomach, 695. Duplications of the Duodenum, 696. Duplications of the Small Intestine, 698. Duplications of the Colon, 698. Complete Duplication of the Colon, with Duplication of the External Genitalia and Lower Urinary Tract, 700.
- 45. THE SMALL INTESTINE** 703
Atresia and Stenosis of the Jejunum and Ileum, 703. Meconium Ileus, 714. Meconium Peritonitis, 722. Surgical Implications of Meckel's Diverticulum, 725. Mesenteric Cysts, 731. Regional Enteritis, 732. Intestinal Polyposis Associated with Mucocutaneous Pigmentation (Peutz-Jeghers Syndrome), 741. Miscellaneous Causes of Small Bowel Obstruction, 745.
- 46. INTERNAL HERNIA** 749
Embryology, 749. Incidence, 749. Symptoms and Physical Findings, 750. Treatment, 750.
- 47. INTUSSUSCEPTION** 751
Pathogenesis of the Disease and of Its Symptomatology, 754. Treatment, 756.

PART IV

Abdomen

48. THE LARGE INTESTINE	769
Atresia and Stenosis, 769. The Meconium Plug Syndrome, 771. Perforation of the Colon in the Newborn, 773. Juvenile Polyps of the Rectum and Colon, 776. Familial Polyposis, 783. Chronic Ulcerative Colitis, 786.	
49. APPENDICITIS	790
General Considerations, 791. Pathology, 791. Etiology, 792. Diagnosis, 793. Differential Diagnosis, 794. Treatment, 796. Postoperative Care, 798. Complications, 798. Clinical Material, 799.	
50. HIRSCHSPRUNG'S DISEASE	802
General Considerations, 802. Pathogenesis and Pathologic Anatomy, 803. Incidence, 804. Clinical Manifestations, 805. Diagnosis, 806. Differential Diagnosis, 809. Treatment, 811.	
51. RECTUM AND ANUS	821
Imperforate Anus, 821. Traumatic Lesions of the Rectum and Anus, 837. Rectal Bleeding, 839. Fecal Incontinence of Neurogenic Origin, 842. Constipation, 843. Prolapse of the Rectum, 847. Sacrococcygeal Teratoma, 849. Miscellaneous Anal Diseases, 854.	
52. RETROPERITONEAL TUMORS	857
General Considerations, 857. Renal Tumors, 860. Summary of Management of Retroperitoneal Tumors, 885.	

PART V

Genitourinary
System

SECTION ONE

53. DIAGNOSIS OF UROLOGIC CONDITIONS	895
Embryology, 895. Diagnosis, 896.	
54. ACUTE URINARY INFECTIONS	909
Acute Pyelonephritis and Infected Hydronephrosis, 909. Chronic and Recurrent Infections, 910. Renal Carbuncle and Perinephric Abscess, 912. Chemotherapeutic Considerations in Urinary Tract Infections, 912.	

PART V
Genitourinary
System

55. GENITOURINARY TUBERCULOSIS	916
Incidence and Etiology, 916. Pathogenesis, 917. Classification of Lesions, 917. Symptoms, 918. Diagnostic Measures, 918. Differential Diagnosis, 919. Associated Lesions, 919. Treatment, 919. Prognosis, 920.	
56. TRAUMA IN PEDIATRIC UROLOGY	921
Kidney Injuries, 923. Ureteral Injuries, 925. Injuries to the Bladder, 926. Urethral Injuries, 928. Injuries to the Penis, 929. Injuries to the Scrotum, 932. Injuries to the Testes, 932.	
57. CALCULOUS DISEASE	934
Etiological Groups, 934. Symptoms and Signs, 938. Diagnosis, 939. Treatment, 940.	
SECTION TWO	
58. ABNORMALITIES OF THE UPPER URINARY TRACT	943
Steps Leading to a Presumptive Urologic Diagnosis, 944. Obstructive Anomalies of the Kidney, 945. Obstructive Anomalies of the Ureter, 961. Nonobstructive Anomalies of the Kidney, 967.	
59. ABNORMALITIES OF THE LOWER URINARY TRACT	974
Urachal Anomalies, 974. Bladder Abnormalities, 975. Urethral Obstruction, 981. Complications of Bladder Neck Obstruction, 982. Complications of Surgery on Bladder Neck and Lower Ureters, 986. Malformations Associated with Deficient Abdominal Musculature, 990.	
60. EXSTROPHY OF THE BLADDER	993
Incidence and Etiology, 994. Anatomy, 994. Clinical Features, 995. Treatment, 996. Discussion, 1006.	
61. DEFECTS OF BLADDER INNERVATION	1008
The Congenital Neuropathic Bladder, 1009. The Acquired Neuropathic Bladder, 1017.	
62. RENAL HYPERTENSION	1018
Diagnosis, 1018. Pathology, 1019. Surgical Treatment, 1020.	

PART V

Genitourinary
System

63. THE MALE GENITAL TRACT	1022
Congenital Anomalies, Diseases and Tumors, 1022. Torsion of the Testis, 1037. Undescended Testes, 1041.	
64. HYPOSPADIAS	1062
Embryology, 1062. Associated Anomalies, 1064. Incidence, 1064. Classification, 1066. Selection of Patients for Operation, 1066. Operative Treatment, 1067.	
65. EPISPADIAS	1082
Embryology, 1082. Incidence, 1083. Physical Findings and Symptoms, 1084. Operative Treatment, 1084.	
SECTION THREE	
66. INTERSEX	1090
Genetic, Embryologic, and Endocrinologic Factors, 1090. Sexual Anomalies: Clinical Material and Management, 1092. Selection of Cases Warranting Surgical Exploration, 1104. Change in Sexual Identity, 1105. Sexual Precocity, 1105.	
67. THE ADRENAL GLANDS	1107
Anatomy, 1107. Embryology, 1107. Pheochromocytoma, 1109. Other Lesions of the Adrenal Glands, 1116.	
68. THE FEMALE GENITAL TRACT	1117
Vulval Synechia and Fusion of the Labia Minora and Majora, 1117. Vaginitis, 1118. Foreign Bodies in the Vagina, 1118. Ovarian Cysts, 1118. Neoplasms of the Ovary, 1119. Hematocolpos, 1122. Hydrometrocolpos, 1122.	

PART VI

Integument and
Musculoskeletal
System

69. SKIN AND SOFT TISSUES	1131
Congenital Defects, 1131. Infectious Conditions Peculiar to Childhood, 1145. Traumatic Conditions, 1148. Circulatory Defects, 1152. Neoplasms, 1155.	

70. THE MUSCULOSKELETAL SYSTEM 1166

Common Physiologic Variations of Bones and Joints, 1166. Congenital Malformations of the Lower Extremities, 1171. Congenital Malformations of the Upper Extremity, 1182. Congenital Malformations of the Spine, 1184. Bone and Joint Infections, 1185. Diseases of the Nervous System, 1190. Idiopathic Scoliosis, 1194. Limp in Childhood, 1196. Fractures and Joint Injuries in Childhood, 1196. The Osteochondroses, 1207. Bone Tumors in Children, 1212. Amputations and Prostheses in Children, 1217.

PART VII
The Nervous
System

SECTION ONE

71. GENERAL CONSIDERATIONS 1223

Diagnostic Procedures, 1223. Preoperative Considerations, 1230. Postoperative Care, 1230. Anesthesia, 1230. Incisions, 1232.

72. CONGENITAL ANOMALIES OF THE NEURAXIS AND RELATED MALDEVELOPMENTAL DISORDERS 1233

Spinal and Cranial Dysraphism, 1234. Dermoid, Teratoid and Teratomatous Tumors, 1239. Premature Cranial Synostosis, 1240.

73. HYDROCEPHALUS 1243

Etiological Features of Hydrocephalus, 1245. Clinical Features and Diagnosis, 1248. Diagnostic Procedures, 1249. Treatment of Hydrocephalus, 1249. Complications and Prognosis, 1252.

SECTION TWO

74. TRAUMA TO THE NERVOUS SYSTEM 1255

Trauma of the Head, 1255. Injuries of the Spinal Column and Spinal Cord, 1262.

75. INFECTIONS OF THE NERVOUS SYSTEM 1265

Osteomyelitis of the Skull, 1265. Subdural Infections, 1265. Intracerebral Abscesses, 1266. Infections of the Spinal Epidural Space, 1268.

X TABLE OF CONTENTS

PART VII

The Nervous
System

76. TUMORS OF THE BRAIN AND SPINAL CORD	1269
Brain Tumors, 1269. Spinal Cord Tumors, 1282.	
77. MISCELLANEOUS CONDITIONS	1285
Vascular Anomalies, 1285. Operative Treatment of Epilepsy, 1287. Surgery of Involuntary Movements, 1290. Lead Poisoning, 1291.	
INDEX	XI

VOLUME I (PARTIAL CONTENTS)

PART I: GENERAL

PART II: HEAD and NECK

PART III: THE THORAX

PART IV: ABDOMEN (Sections One—Three)
