MANUFACTURERS' INDEX	1
Section 1 (White) - Included are manufacturers who have provided prescribing information in this edition of PHYSICIANS' DESK REFERENCE®—their addresses, emergency phone numbers and a partial list of available products.	
PRODUCT NAME INDEX AND DISCONTINUED PRODUCTS	101
Part 1 - An alphabetical listing of products available from participating manufacturers. Where a page number is included, additional information can be found in other sections of this edition.	
Part 2 - A list of products discontinued by manufacturers during the past year.	
PRODUCT CATEGORY INDEX	201
Section 3 (Blue) - Products are listed according to the appropriate category, which has been determined by the Publisher in cooperation with each manufacturer.	
GENERIC AND CHEMICAL NAME INDEX	301
Section 4 (Yellow) - In this section products are listed under generic and chemical name headings according to the principal ingredient(s). The headings which products are listed under have been determined by the Publisher with the cooperation of the individual manufacturers.	
PRODUCT IDENTIFICATION SECTION	401
Section 5 - Under company headings capsules and tablets are shown in color and actual size as an aid to identification. An index of participating manufacturers appears on page 402.	
PRODUCT INFORMATION SECTION	501
Section 6 (White) - An alphabetical arrangement by manufacturer of over 2,500 pharmaceuticals which are fully described as to composition, action and uses, administration and dosage, contraindications, precautions, side effects, the form in which supplied and other information concerning their use, including common names, generic compositions or chemical names. See inside back cover for information concerning overdose.	
DIAGNOSTIC PRODUCT INFORMATION	3001
Section 7 (Green) - Diagnostic product descriptions, listed alphabetically by manufacturer, to aid the physician in their use.	
POISON CONTROL CENTERS	2091
A list of centers and emergency telephone numbers.	
GUIDE TO MANAGEMENT OF DRUG OVERDOSE	Inside Back Cover
Information concerning drug overdosage compiled by Eric G. Comstock, M.D., Director of the Institute of Clinical Toxicology.
