

Contents

Volume 1

PART I FUNDAMENTAL PRINCIPLES

1. Training of the gynecologic oncologist
J.L. Lewis Jr 3
2. Epidemiology of gynecologic cancer: I cervix
A.B. Miller and W.E. Rawls 9
3. Epidemiology of gynecologic cancer:
II endometrium, ovary, vagina, vulva
T. Mack and J.T. Casagrande 19
4. Carcinogenesis
B.L. Reid 36
5. Chromosome changes in cancer
N.B. Atkin 66
6. Cellular reactions to cancer
J.C.E. Underwood 79
7. Host tumor interactions and immunotherapy
R.A. Pattillo 87
8. Oncological endocrinology
R.P.S. Jansen and R.P. Shearman 96
9. Pharmacology and selection of cytotoxic drugs
M.H.N. Tattersall 121
10. Basic parameters of radiotherapy (radiation
physics and biology)
C.A.F. Joslin 139
11. Future prospects in radiotherapy in
gynecologic oncology
L.W. Brady 153
12. A statistical basis to oncological enquiry
D.R. McNeil and R.I. Reid 168

PART II DIAGNOSTIC AIDS

13. Diagnostic cytopathology
A.B.P. Ng 187
14. Colposcopy of cervix
M. Coppleson and E.C. Pixley 205
15. Colposcopy of vagina and vulva
P. Kolstad 225
16. Diagnostic hysteroscopy
O. Sugimoto 229
17. Lymphography, arteriography and venography
A. Kolbenstvedt 240

18. Ultrasound
W.J. Garrett 251
19. Laparoscopy
J.L. Marlow 258
20. Surgical staging: new approaches
H.E. Averette and V.W. Jobson 265
21. Tumor markers
E.V. Mackay, S.K. Khoo and B. Daunter 270

PART III TUMORS OF VULVA AND VAGINA

22. Pathology of malignant tumors of vulva and
vagina
A. Ferenczy 285
23. Intraepithelial neoplasia of vulva
E.G. Friedrich Jr 303
24. Microinvasive carcinoma of vulva: clinical
features and management
B.L.G. Kneale, P.M. Elliott and I.A. McDonald 320
25. Invasive tumors of vulva: clinical features
and management
P.J. Krupp 329
26. Intraepithelial neoplasia of vagina
D.E. Townsend 339
27. Invasive tumors of vagina: clinical
features and management
J.T. Wharton, G.H. Fletcher and L. Delclos 345

PART IV TUMORS OF VAGINA AND CERVIX and related abnormalities in young females exposed to diethylstilbestrol (DES)

28. Clear cell adenocarcinoma of cervix and
vagina and DES related abnormalities
S.N. Hajj, W.R. Welch and A.L. Herbst 363
29. Squamous neoplasia in women exposed to
synthetic nonsteroidal estrogens
A. Stafl 373

PART V CARCINOMA OF CERVIX

30. Control of carcinoma of cervix by exfoliative
cytology screening
A.B. Miller 381

31. Control of carcinoma of cervix: role of the mathematical model <i>L.W. Coppleson and B.W. Brown</i>	390
32. Pathology of cervical intraepithelial neoplasia <i>R.M. Richart, Yao-Shi Fu and J.W. Reagan</i>	398
33. Cervical intraepithelial neoplasia: clinical features and management <i>M. Coppleson</i>	408
34. Pathology of preclinical invasive carcinoma of cervix. (Microinvasive and occult invasive carcinoma) <i>E. Burghardt</i>	434
35. Preclinical invasive carcinoma of cervix (microinvasive and occult invasive carcinoma): clinical features and management <i>M. Coppleson</i>	451
36. Pathology of clinical invasive carcinoma of cervix <i>F.A. Langley and H. Fox</i>	465
37. Clinical invasive carcinoma of cervix: clinical features and pretreatment evaluation <i>D.R. Ostergard</i>	475
38. Clinical invasive carcinoma of cervix: place of radiotherapy as primary treatment <i>O. Kjellgren</i>	482
39. Clinical invasive carcinoma of cervix: place of radical hysterectomy as primary treatment <i>J.H. Nelson Jr</i>	504
40. Clinical invasive carcinoma of cervix: combined radiotherapy and radical hysterectomy as primary treatment <i>Sir John Stallworthy</i>	508
41. Advanced and recurrent carcinoma of cervix <i>P.J. DiSaia and W.M. Rich</i>	517

Volume 2

PART VI CARCINOMA OF ENDOMETRIUM

42. Premalignant lesions of the endometrium "Endometrial hyperplasia and adenocarcinoma in situ" <i>W.M. Christopherson and L.A. Gray</i>	531
43. Pathology of endometrial carcinoma <i>J.W. Reagan and Yao-Shi Fu</i>	546
44. Carcinoma of endometrium (FIGO stages I & II): clinical features and management <i>W.T. Creasman and J.C. Weed Jr</i>	562
45. Advanced (FIGO stages III & IV) and recurrent carcinoma of endometrium <i>C.J. Cohen</i>	578

PART VII UTERINE SARCOMAS

46. Pathology of uterine sarcomas <i>P.B. Clement and R.E. Scully</i>	591
47. Uterine sarcomas: clinical features and management <i>M.S. Piver and J.R. Lurain</i>	608

PART VIII TUMORS OF FALLOPIAN TUBE

48. Malignant tumors of fallopian tube <i>J.L. Benedet and G.W. White</i>	621
--	-----

PART IX TUMORS OF OVARY

49. Pathology of malignant and borderline epithelial tumors of ovary <i>W.R. Hart</i>	633
50. Malignant and borderline epithelial tumors of ovary: clinical features, staging, diagnosis, intraoperative assessment and review of management <i>C.P. Morrow</i>	655
51. Malignant germ cell tumors of ovary <i>H.J. Norris and A.E. Adam</i>	680
52. Malignant gonadal stromal tumors of ovary <i>H. Fox and F.A. Langley</i>	697
53. Malignant nonspecific mesenchymal tumors of ovary: "ovarian sarcomas" <i>J.D. Woodruff</i>	710
54. Malignant tumors of ovary: Norwegian experience and protocols for management <i>P. Kolstad</i>	721
55. Metastatic tumors of ovary <i>R.T. Parker and J.L. Currie</i>	731

PART X TROPHOBLASTIC TUMORS

56. Pathology and classification of trophoblastic tumors <i>W.W. Park</i>	745
57. Trophoblastic tumors: clinical features and management <i>K.D. Bagshawe and R.H.J. Begent</i>	757

PART XI MISCELLANEOUS MALIGNANT TUMORS OF FEMALE GENITAL TRACT

58. Genital tract malignancy in the prepubertal child <i>Sir John Dewhurst</i>	775
59. Melanoma of female genital tract <i>C.P. Morrow</i>	784

PART XII MALIGNANT TUMORS IN PREGNANCY

60. Malignant disease in the pregnant woman <i>H.R.K. Barber</i>	795
---	-----

PART XIII SURGICAL TECHNIQUE

61. Cryosurgery <i>D.E. Townsend</i>	809
62. CO ₂ laser therapy <i>J.A. Jordan</i>	816
63. Radical electrocoagulation diathermy <i>W. Chanen</i>	821

64.	Conization of the cervix <i>W. Chanen</i>	826	PART XIV	MANAGEMENT OF COMPLICATIONS OF RADICAL THERAPY (Surgery and radiotherapy)	
65.	Surgery for invasive carcinoma of vulva <i>M.J.L. Stening</i>	830			
66.	Conservative surgery for invasive carcinoma of vulva <i>P. Kolstad</i>	838	74.	Postoperative care and complications <i>R.C. Wright</i>	945
67.	Radical vaginal operations I. Schauta radical hysterectomy II. Vaginectomy <i>R.M. Feroze</i>	840	75.	Urological complications of radical pelvic surgery and radiation therapy <i>T.H. Green Jr</i>	979
68.	Radical hysterectomy with pelvic lymphadenectomy <i>R.F. Mattingly</i>	854	76.	Intestinal complications of radiation therapy of pelvic malignancy <i>C.R. Wheelless Jr</i>	1001
69.	Radical hysterectomy with pelvic lymphadenectomy - The Tokyo method <i>S. Sakamoto</i>	877	PART XV	AFTER CARE	
70.	Hysterectomy for carcinoma of endometrium <i>D.H. Lees and A. Singer</i>	887	77.	Gynecologic pain <i>M.J. Cousins and P.R. Wilson</i>	1013
71.	Pelvic exenteration <i>R.E. Symmonds and M.J. Webb</i>	896	78.	Psychological attitudes to cancer recovery <i>B. Raphael and D.C. Maddison</i>	1044
72.	Surgery for carcinoma of ovary <i>C.N. Hudson</i>	923	79.	Sexual rehabilitation of gynecologic cancer patients <i>V.C. Donahue</i>	1050
73.	Vulvar-vaginal reconstruction <i>C.R. Wheelless Jr</i>	933	80.	Attitudes to dying <i>B. Raphael and D.C. Maddison</i>	1055
			INDEX	(Vols. 1 and 2)	II
