

**CONTENTS**

<b>Foreword</b>	<b>1</b>
<b>Introduction</b>	<b>3</b>
Bibliometric Study	5
Map of Andean Pact countries	8
<b>1 Agricultural Sciences</b>	<b>9</b>
1 Improvement of plantain cultivation in the coffee zone of Colombia	11
2 Improvements of pineapple cultivation in the Peruvian Amazon region	15
3 Study on the molecular basis of plant pathogen interactions and the selection of resistant genotypes	18
Workshop on Utilisation of coffee crop by-products	22
Postdoctoral fellowships	23
<b>2 Biological Sciences</b>	<b>29</b>
4 Structure of use of economically important Venezuelan wild plants	29
<b>3 Chemical Sciences</b>	<b>33</b>
5 Chemical studies on Colombian natural products	34
6 The extraction of copper by new complexing agents	39
7 Study of transfer of electrons and ions at solid-solid and solid-gas interfaces. Application to heterogenous catalysis: study of selective oxidation reactions on supported catalysts	46
8 Insertion of reactive intermediates in tellurium and selenium compounds	56
Postdoctoral fellowships	59

---

<b>4</b>	<b>Earth Sciences</b>	<b>69</b>
9	Rare metals in Bolivian ores	71
10	Seismotectonics of northern Venezuela. The contact between the Caribbean and South American plates	82
11	Remote sensing of ecosystem dynamics	85
	Postdoctoral fellowships	88
<b>5</b>	<b>Environmental Sciences</b>	<b>89</b>
12	Inorganic trace pollutants and micronutrients in soils of tropical ecosystems with special reference to Venezuela	90
13	Environmental inventory of the upper Orinoco.	92
	Postdoctoral fellowships	93
<b>6</b>	<b>Health and Biomedical Sciences</b>	<b>95</b>
14	Patterns of distribution, prescription and consumption of pharmaceutical products in Peru and Bolivia	96
15	Etiological studies on cervical cancer	100
16	Synthesis and characterisation of transition metal complexes with n-donors ligands. Application to chemotherapy of Chagas' disease, leishmaniasis, cancer and to catalytic reactions	105
17	Effects of nutrition and physical activity on physical capacities of prepubertal children living at altitude	109
18	Mechanism of action of polyene antibiotics. <i>In vitro</i> studies for the improvement of the therapeutic index against leishmaniasis	115
19	Studies on etiology and prevention of stomach cancer in Venezuela	117
20	The anticoagulant factor(s) present in the saliva of vampire bats ( <i>Desmodus rotundus</i> )	120
21	Effect of stress on the localisation of the glucose transporter in cells	126
22	Community-based control of malaria and leishmaniasis in Ecuador and Peru	127

Postdoctoral fellowships	131
<b>7 Materials Science</b>	<b>141</b>
23 Properties of superconducting materials and devices	143
24 Growth and study of the temperature dependence of the structural, thermal, electrical, optical and elastic properties of the I-II-VI <sub>2</sub> ternary semiconductors	147
25 Dating of ceramics by thermoluminescence and geological study of archaeological raw-material source areas	149
Workshop on new industrial materials	153
Postdoctoral fellowships	155
<b>8 Physical Mathematical and Engineering Sciences</b>	<b>157</b>
26 Phase transitions in disordered magnetic systems	157
Postdoctoral fellowships	161
<b>Index of Scientists</b>	<b>163</b>
<b>Index of Institutions</b>	<b>165</b>
Index of contracts	176
